5

**VI.** Read the following passage and answer the questions set on it. **5**

According to Time Magazine, humans cut down about 15 billion trees each year. And almost 27,000 trees are cut down every day just to make toilet paper. The wood from trees is used to make important things like furniture, homes and boats. We need trees for these things, but we also need trees to help us breathe! Trees produce or make oxygen which is important for every living thing on Earth. And trees are also homes for animals like birds, insects and spiders. This Earth Day, gives your planet a present..... about a new tree!

1. What do trees produce that every living thing needs ?
2. How many trees are needed each day just to make toilet papers ?
3. Trees are homes for animals like fish, tortoise and crocodile (True/False)
4. How many trees are about to be cut down each year ?
5. What is important for every living thing ?
