REPORT:

The Best out of waste was conducted by the ACME with association with ASPIRE and Incubation Cell, at St. Francis De Sales College On 06 November 2023 at 1:00 pm onwards. The agenda of the Event was to help students understand the emerging areas in which Process design and development are growing.

The purpose of a "Best Out of Waste" report is to document and communicate the outcomes, achievements, and impact of a project that focuses on creatively repurposing discarded or unused materials.

Objectives of the Programme

- Educate and raise awareness about sustainable practices, emphasizing the importance of responsible waste management and recycling.
- Encourage individuals and communities to adopt similar sustainable practices.
- Provide insights into the techniques, artistic elements, and innovative approaches used during the repurposing.
- Provide insights into the problem-solving strategies employed.

Learning Outcome:

Engaging in repurposing waste materials requires thinking outside the box, fostering creativity and innovative problem-solving. Involvement in waste repurposing projects raises awareness about the environmental impact of waste and the importance of sustainable practices. Participants develop an appreciation for handmade and repurposed items.
