Event coordinator	PROF.SARANYA C

Objective of the programme:

- **To bring awareness about cybersecurity in public.**
- **To show the audience about the issues in Photoshop**
- **Not to share their passwords with strangers**
- **Suicide is not the only solution for problems faced by cyber crime.**

The Bachelor of Computer applications have been organized an extension activity of MIME regarding Cybersecurity, which was all about providing the awareness about the cybersecurity and how we can be protective in present tech Era. The event was scheduled in various public places like schools, colleges and other public spots.

From 27/11/23 to 1/12/23 our awareness activity has been Successful implemented in public places, where even our event coordinator prof. Saranya was accompanying with our team. With the help of this extension activity, it was very helpful for us to provide awareness about the cybersecurity and how it effects one individual and also we were able to provide preventive measures to the publics which was very helpful and moreover it was like a social service. Not only mime we also had few entertainment programs as well such as classical and western dance, IT games, Puzzles, Quiz etc. Which was very cheerful and entertaining for the public along with the knowledge and information regarding cybersecurity. And the event successfully ended with wonderful moments.
