Number of Participants	33
Target Audience	High School students of grade 8-10

Resource Person(s) with qualification	M.Com I year
Place of visit/ details of Industrial Visit	Upgraded Bommasandra govt high school
Event Coordinator	Dr. Thanapackiam

The objective of the Program:

The objective of the above event is to educate and inspire students of class 8-10 about the importance of waste reduction, recycling, and reusing. It aims to instil a sense of responsibility, empower them to take action, and cultivate sustainable habits. By creating environmental awareness and encouraging advocacy, the activity aims to foster a generation that actively contributes to a greener and more sustainable future.

The Post graduate department of commerce has conducted a Quality Program on Reduce, Reuse & Recycle leads to success on 25th July, 2023. The quality program was organised for class 8 -10 students of Upgraded Govt High School. The session was held at 10:45 AM on 25th July 2023 by Post Graduate department students to create awareness about eco-friendly movement.

The students of M.Com 1st year of St Francis De Sales college conducted this program. The Students along with HOD Dr Thanapackiam got in the bus at 10:00AM and reached Upgraded Govt High

School at 10:30 AM. The awareness program was started by M.Com student Mrs K. Mahalakshmi gave speech on importance of disposing waste and its harmful effects to environment. And it was followed by Mr. Swaroop, Ms. Swetha.C, Ms. Spoorthi Shalini. Where the speakers spoke about what is Reduce, Reuse & Recycle. Students were also demonstrated to make paper bags by Ms. P. Sheetal Kumari and Ms. Shalini. Students were actively participated in the session.at the end, chocolates were distributed to the students.

Profile of Resource person:

Resource persons were students of M. Com 1st year of St Francis De Sales College,

Positive outcome:

The program raised awareness among students about waste reduction, recycling, and reusing. It empowered them with knowledge and practical tips, encouraging behavioural change towards sustainable practices. The program cultivated a sense of responsibility and environmental advocacy, inspiring students to take proactive steps and become role models in their communities. By fostering a mindset of responsible consumption and waste management, the outcome is to create a collective impact, contributing to a greener and more sustainable future for all.
