1 Objective

Kahan Technologies Pvt Ltd. is a portfolio company of Times Internet.

We are committed to the overall quality improvement of the higher education institutions in India, and we do provide funding and other support to the institution, faculties and the students as per the different criteria of the accreditation framework. We support activities that address about 30% of the weightages for accreditation such as NAAC and also other accreditation and compliances such as NBA and NIRF, and a number of AICTE mandates.

In view of the above, Campus.Technology offers the following support

For the institution:

- An open source ERP and Accreditation software provided at no cost to manage your campus automation and accreditation process. The software supports easy data collection from all stakeholders using online and mobile app and generation of required reports and supporting documents in the same format as required by the different accreditation. In addition, it also contains various modules such as Admission, Attendance, Student and Faculty Data Management, Alumni Management, Placement etc.

- Various ICT modules as per accreditation requirements, such as 360 degree feedback, Feedback from students, parents, faculties, alumni and employers, library feedback, curriculum feedback, Attainment mapping and calculation. Examination automation, Planning and Development including e-procurement, Psychometric test, Integrated LMS, Student progression management and many more. The same modules may be seamlessly integrated with the existing software.

- Guidance for overall quality improvement, including accreditation, identifying improvement areas, evidences, data management.

- Payment gateway including payment of fees, registration payment, admission fees payment, collection of alumni contribution etc.

- **Continuous Quality Assurance (CQA)** through periodic guidance on activities to be conducted with our Quality Advisor Mentors.

- Academic and Administrative Audit, Green Audit, Gender Audit, Quality Audit.

- Deployment of onsite resources to assist with the process, as per requirement from the management, for a cost.

- Regular online workshop with all criteria coordinators, IQAC team, committee members for data collection, documentation and evidence management.

- Email and chat support during regular business hours to assist faculties with data management and evidence management.

- Arranging MoU with institutions and corporates.

Campus.Technology provides a **FREE Open Source ICT** Software with number of modules to support Campus Automation. All modules are linked to the Accreditation modules and all reports required for accreditation are automatically created. The evidences required to be maintained for various accreditations are auto collected during the process so that the end users do not need to know the detailed requirements of accreditations, but the data is maintained. The following modules are offered.

- Admission, Online payment, Automated validation of admission criteria, Admission Counseling

- 12 different type of feedback, 360 degree feedback, Action Taken Report workflow

- IQAC module

- Student data management, Faculty data management with evidence management

- College Activities, Departmental Activities

- Placement, Capacity Enhancement Programs

- LMS, Online MCQ, Online Assignment

- Alumni management

- Fees management with online payment

- Asset management

- Attendance, Enrolment, Examination Automation

- CO, PO attainment calculation, CO, PO, PSO and PEO mapping as per Blooms Taxonomy

- Indirect Assessment Rubrics

- Psychometric Test, Library automation

2   Guideline for Funding Faculty Projects

We provide financial assistance to faculties for undertaking research project.

Type of grant

The following type of grant is provided to the faculties.

For Kahan Technologies Pvt Ltd
Director

Kahan Technologies Pvt Ltd., Level 7, MFar Greenheart, Manyata Tech Park, Outer Ring Road, Bangalore 560045 Ph: +91 80 6781 9805 http://www.kahan.org.in http://campus.technology

1. Seed Money: For eligible and approved project proposals, a seed money grant od Rs. 10,000 – Rs. 50,000 is provided to the Principal Investigator,

2. Full Funding: For eligible and approved project proposals, full funding is provided to the Principal Investigator. Full funding is limited to a maximum of Rs. Two lakhs per project.

Who can apply

Any Full Time Faculty with a Ph.D. Degree may apply for the project funding, provided that

1. The faculty has not availed of such opportunity in the past from us.

2. Any faculty may receive funding for one proposal at a given time.

3. The faculty is not engaged in any other research activity at the given time.

Faculties holding PG but not Ph.D. may also apply provided

1. The faculty has not availed of such opportunity in the past from us.

2. Any faculty may receive funding for one proposal at a given time.

3. The faculty is not engaged in any other research activity at the given time.

4. The faculty has demonstrated expertise in the related field.

The Research Project must be completed at the given deadline with the agreed upon intended deliverable. Failure to do so will require the Principal Investigator to refund the entire amount paid to them within thirty days of receiving such notice to refund the money alongwith interest.

The Research Projects to be completed within a time limit not exceeding one year will be considered for approval.

For every project funded and completed, the Principal Investigator must publish at least two papers in reputed journals recognized by UGC within two months of the date of completion of the project. Failure to do so will constitute as violation of terms of funding and may require the Principal Investigator to refund the money provided as assistance within thirty days of completion of two months from date of completion of the project.

The institution must have adequate research facility to support the faculty for the research activity.

Utilization of grant

The grant may be utilized for the following purposes:

1. Purchase of books, journals or any other e-content relevant for the research work. The books, journals and other e-content such purchased must be deposited to the institution library after completion of the project and a receipt must be produced.

2. Purchase of minor equipment on prior approval.

3. Hiring Technical Assistant. However, hiring must be pre-approved by Campus.Technology. Campus.Technology may provide resources for the intended work or may recommend resources to be hired for the intended work.

For Kahan Technologies Pvt Ltd

Director

Kahan Technologies Pvt Ltd., Level 7, MFar Greenheart, Manyata Tech Park, Outer Ring Road, Bangalore 560045 Ph: +91 80 6781 9805 http://www.kahan.org.in http://campus.technology

4. Expenditure related to travel and field work will not be covered under this grant.

5. The grant may be utilized for consumable items required for the proposed research work.

6. Utilization Certificate of the Grant must be endorsed by a chartered accountant listed in the panel of Campus.Technology and produced at the completion of project. Failure to do so will require refund of the money provided as project funding. The cost of audit to be borne by the Principal Investigator.

7. All projects must be completed within a maximum time limit of one year from the date of receiving the fund, with intended deliverable. Failure to do so will require refund of the money provided along with interest.

Intellectual Property Right

The Intellectual Property Right arising out of the final outcome of the research activity will be jointly shared between Kahan technologies Pvt Ltd and the Principal Investigator. The Principal Investigator must file for Patent/Copyright with Kahan technologies Pvt Ltd as a co-owner of IPR within thirty days of completion of the project and the receipt must be produced. The cost of such application to be borne by the Principal Investigator.

Domains of Interest

Project will be funded for the following domains.

1. Social science, Environmental science and Humanities

2. Electric Vehicle Charging Technology

3. Stem Cell Research

4. Artificial Intelligence and Machine Learning

5. Language related Research

6. Fintech

7. Edtech

8. Consumer Internet

9. IoT

10. Optical Character Recognition

11. Natural Language Processing

12. Mobile Technologies and Mobile app

Application Procedure

Application must be made in the format prescribed in Annexure D, Annexure E, Annexure F and Annexure G. Every application must accompany a detailed cost estimate duly signed by a chartered accountant.

Each application, duly completed, must be approved by one of our mentors. Detailed list of mentors is available once you login to your portal.

All duly completed documents must be uploaded in the portal. The application is reviewed by our panel of experts. The Principal Investigator may be called for a discussion.

The final decision will be conveyed to the Principal Investigator within sixty days of receiving the application.

3   Guideline for Institutions

We provide cloud based software for accreditation management and campus automation to the institutions at no cost. We also conduct Academic Audit and Administrative Audit, and Green Audit for the institutions and provide guidance for quality improvement and accreditation management, at no cost, provided that

1. Institution understands and agrees that Total Quality Assurance (TQA) Program is an integrated program for Institution, Faculties and Students and must be availed by all. This program is not available in parts, i.e., without the active participation of all three stakeholders.

2. At least 30% of the faculties participate in Research Project Application or Consulting Engagements and Development of e-content and online course material.

3. At least 50% of the students must participate every year in the Student Empowerment and Corporate Employability Program.

4. There is no cost for the institution or faculties, however students need to pay a onetime registration cost as detailed in section 4 and avail all the services. Rest of the fund for institutions, faculties and students are provided by us.

5. Failure to implement active participation of all three stakeholders within one month of engagement will lead to automatic withdrawal of the program.

6. A cloud based software will be provided along with mobile app for faculties and students. The data will be stored in the cloud. Institution will own the data during the active subscription period and may be downloaded any time as an offline copy.

7. Active subscription is defined by active participation to the program by the institution, at least 30% of the faculties and 100% of the students.

8. Institution must implement exclusivity of all communications to students through the mobile app or text messaging facility. No other form of communication may be used.

9. Data back up is taken once every seven days by us.

10. Payment gateway is provided to the institution in collaboration with a third party. Any issues arising due to the payment must be resolved with the third party.

11. The software assists you to generate QIF/DVV answers, SSR/AQAR/SAR, supporting documents. However, the software does not guarantee the authenticity of data or format.

12. We have a panel of external expert mentors providing guidance to the institution on quality management and accreditation management. The details of the experts will be shared as necessary. The views and opinions expressed by the mentors to the institutions is that of the members and not by Kahan Technologies Pvt. Ltd. Institutions

agree to indemnify Kahan technologies Pvt. Ltd. For any direct or indirect claims or issues arising out of usage of the software or following the guidance.

13. Data may be deleted if active subscription is not maintained.

14. Institution agrees to monitor the guidelines for faculty project funding.

Application Process

The application must be made in duly filled in form (Annexure A) along with the undertaking (Annexure B). In case of affiliated or constituent colleges, a filled in Annexure C must be also submitted along with the application.

The payment gateway is provided free of cost by a third party and is integrated with the software. The payment gateway may be used for collection of any type of fees or registration cose.

The filled in application form in its entirely may be sent to e-accreditation@campus.technology or your university coordinator.

Implementation of the Program

The TQA Program is implemented through the Internal Quality Assurance Cell (IQAC) of the institution as follows.

1. Institution to designate one coordinator from the IQAC team for management and implementation of the program.

2. Institution to designate one ICT coordinator to implement the ICT software.

3. One mentor will be assigned to the institution to support the smooth implementation of the program. The mentor will take online and offline workshops as necessary.

4. Unlimited online workshops may be organized with the mentor for guidance on quality improvement or accreditation management.

5. The mentor will also help you to understand requirements of maintaining various documents and the format thereof.

6. The mentor will help you to create a project plan to collect data from all stakeholders using our online software. The data is mapped automatically to create various accreditation reports and supporting documents.

7. The mentor will assist you to review the reports and supporting documents and if so desired, discussed the areas of improvements.

8. The mentor will assist you to create academic roadmap if so desired.

9. The mentor will also assist you with conducting Academic and Administrative Audit, Green Audit, Quality Audit.

10. The mentor will assist you with the implementation of various ICT processes such as LMS, feedback, IQAC modules, Psychometric test etc.

11. The mentor may interact with the faculties and students related to project funding, Faculty

Kahan Technologies Pvt Ltd., Level 7, MFar Greenheart, Manyata Tech Park, Outer Ring Road, Bangalore 560045 Ph: +91 80 6781 9805 http://www.kahan.org.in http://campus.technology

Empowerment and Student Empowerment Program.

12. The mentor may interact with the coordinators of various committees to monitor the activities and ensure that the proper documentation is maintained for all activities.

Continuous Quality Assurance

The mentor assigned to the institution will assist the institution to implement a Continuous Quality Assurance Program. It may be understood that Quality is a journey and not a destination. Accordingly, the mentor assists the institution to

1. Organize workshops on IPR, Industry Academia Initiatives, Values and Ethics, Gender Equity etc.

2. Take feedback online from all stakeholders, create analysis report and discuss remedial actions.

3. Other aspects of quality monitoring and quality improvement related to teaching – learning, infrastructure, ICT adoption and usage by the faculties, student support, extension activities.

How does the software help with Accreditation Management

The software assists in accreditation management as follows.

1. Login id is provided to all faculties, students and other users for online portal as well as mobile app.

2. Every stakeholder uploads data and supporting document in the software as per our simplified format.

3. Various reports for accreditation are automatically created.

4. Supporting documents so uploaded may be linked to your website and used for accreditation reports.

5. Supporting documents may also be created using our online templates.

6. Declarations and undertakings may be created using our software.

The mentor will assist you with the implementation of the software, review of the documents as well as conducting Academic and Administrative Audit, Green Audit and Quality Audit.

Annexure E: Recommendation and No Objection from Principal of the Institution

To,

The Program Coordinator

Campus.Technology (Portfolio of Times Internet)

Sub: Recommendation of faculty for Funding of Research Project

Dear Sir,

We hereby recommend _____

(Type Faculty Name) for funding of his/her research project _____

_____

through Total Quality Assurance (TQA) Program.

We have no objection for the faculty to use institution resources for carrying out his/her research activity in an efficient manner.

We have no objection for the faculty to carry out his/her research activity from _____ till _____.

We agree to indemnify Kahan technologies Pvt. Ltd. (a portfolio of Times Internet) for any issues related to this research project.

We also understand that the IPR of any outcome of the research project will be jointly owned by the faculty and Kahan Technologies Pvt. Ltd.

We recommend you to approve funds for research project by the faculties as per your norms and provide necessary support.

(Signature of the Principal with Seal)   (Signature of the Registrar with Seal)

Annexure F: Undertaking by the Principal Investigator for funding of Research Project

I hereby declare that,

1. I have not availed of such opportunity in the past through TQA.

2. I am not engaged in any other research activity at the given time.

3. I will complete the project within the proposed date of completion or one year from proposed start date, whichever is earlier. If I am unable to complete the project within the given timeline and/or unable to produce the intended deliverables, I will have to return the financial assistance received through TQA with interest.

4. I will publish two papers in any of the journals recognized by UGC. If I am unable to publish two papers, I will return the money received for research assistance through TQA with interest.

5. I understand that copyright of any of the outcome of the project will be jointly with me and Kahan technologies Pvt. Ltd.

6. I understand that I have to apply to apply for necessary IPR within thirty days from the completion of the project and submit the receipt. Failure to do so will require me to return the financial assistance with interest.

7. If any audit objection is raised by a competent external auditor at a later date, I agree to refund, regularize or adjust (as applicable) the irregular amount.

8. I will utilize the fund as per norms only.

9. I will submit an utilization certificate duly audited by a chartered accountant who is a member of TQA panel at my own cost within thirty days of completion of work. Failure to do so will require me to refund the money received for project assistance with interest.
