Objective of the event.

Ideation is often the most exciting stage in a Design Thinking project, because during Ideation, the aim is to generate a large quantity of ideas that the team can then filter and cut down into the best, most practical or most innovative ones in order to inspire new and better design solutions and products.

An ideation workshop is a safe space that allows for this generation of ideas. The main goal of an ideation session is to spark innovation and draw out a sense of creativity. You bring a team together to openly discuss and share ideas without any judgment.

Introductory about the event.

Ideation is the process where you generate ideas and solutions through sessions such as Sketching, Prototyping, Brainstorming, Brainwriting, Worst Possible Idea, and a wealth of other ideation techniques. Ideation is also the third stage in the Design Thinking process.

Outcome of the session.

1. They pick up how to launch a new company.
2. able to give fresh student entrepreneurs a suggestion on how to turn their business concepts into detailed business strategies.
3. They will be knowledgeable about creative, technology-based businesses in their early stages that have a solid grasp of the market.
4. Gain knowledge of "incubates" through mentoring relating to personal and business concepts, legal knowledge and insights, technological support, and intellectual property-related norms and procedures.
5. students will be able to offer skill-building activities, and the institute can support an entrepreneurial ecosystem.
6. capable of fostering a sense of mutual support among the institute's members through close communication with other business incubators and industry professionals.
7. they will get jobs with added value for society
