## Mime On Road Safety Awareness Day

Title	MIME ON ROAD SAFETY AWARENESS DAY
Department/Association/Cell/ Committee	Desalite's Nature Club
Venue (Mention the platform if it is Online)	OPEN AUDITORIUM
Number of Participants	09
Target Audience	1000
Resource Person with qualification	DHANUJAKSHI.A Department of Commerce
Event Coordinator	Prof. Dhanujakshi.A Prof. Pandikani.M
<b>OBJECTIVE :</b>	<p>Awareness of Road safety day is an important part of everyone's life. It increases their understanding and helps them to follow the rules. Awareness of Road safety day was organized by the Desalite's Nature Club. Road safety is a multi-sectoral and multi-dimensional subject. This event was conducted on 11-01-2022. There were nine students participating in this mime. We did this activity to give awareness to people so that they may be aware of accidents. This event mainly says how the people should ride the vehicles on the road: This activity was impressed by the people and they gave many comments the students gave awareness to the peoples about the road safety as How the people react when they see the ambulance, they should not use the mobile while crossing the road, they should not attend call while driving, they should wear helmet while they are driving the two-wheelers and they should wear seat belt while driving the four-wheelers.</p>

**Desalite**

wheelers, only two members allowed in two wheelers , Rash driving is very dangerous etc... This activity was in online mode. We uploaded online many views and many subscribers and many comments we got from the public. <https://youtu.be/B0xyucX4LCU> this is a youtube link. In conclusion, following the road rules, **avoiding excessive speeds and improving general awareness can significantly reduce the risk of a traffic accident.** Regularly checking vehicle health and maintenance of parts also eliminates any potential risks. All this was useful to the people.

The event was organized and coordinated by the Desalite's Nature Club members under the guidance of Prof, Dhanujakshi.A Department of Commerce& Prof, Pandikani.M. Overall participation was good.

## Desalite's Nature Club 2021-2022 Report on Essay writing on water conservation

Title	Essay writing on water conservation
Date of Event(s)	23.03.2022
Department / Association / Cell / Committee	Desalite's Nature Club
Venue (Mention the platform if it is Online)	Class room
Number of Participants	30
Target Audience	100
Resource Person(s) with qualification	DHANUJAKSHI.A Department of Commerce
Event Coordinator	Prof. Dhanujakshi.A Prof. Pandikani.M

### OBJECTIVE:

Preservation and Protection of Our Natural Resources – Conserving water can help preserve our natural resources. Conserving water means more water is available to serve additional water needs, as well as for wildlife and recreation.

An Essay writing on water conservation activity was organized by the Desalite Nature's Club. The activity was conducted on 23<sup>rd</sup> march 2022 in the class room. We asked the class coordinator to conduct this event in the club activity hour so all the class coordinator are agreed to conduct this essay on water conservation in their respective class room and students are encouraged to write essay on water

conservation and we got many ideas from students regarding how to save water and what are the steps to be taken for conserve water.

It is simply impossible to imagine human life without water, if there are no ample sources of water left then it would be a matter of great concern. Without water there will be no harvesting, no drinking water, no washing, cleaning and cooking as well. Hence it is very important to use our present water sources judiciously and try to save as much water as possible. It is very important to realize water conservation benefits and also to implement those in our day to day life. It is very important to realize the need for water conservation in the community as well as personal level.

Human demands are increasing day by day but the natural resources are in a limited quantity. Efforts have been made to collect water by building dams and reservoirs, practising rainwater harvesting, digging wells; some countries have also tried to recycle and desalinate salty water to make it fit for drinking or washing. Water conservation has become a major need of the hour.

#### **Outcome:-**

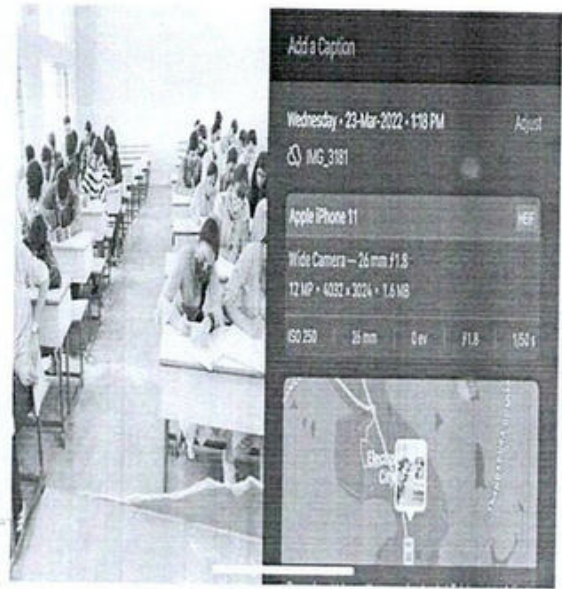

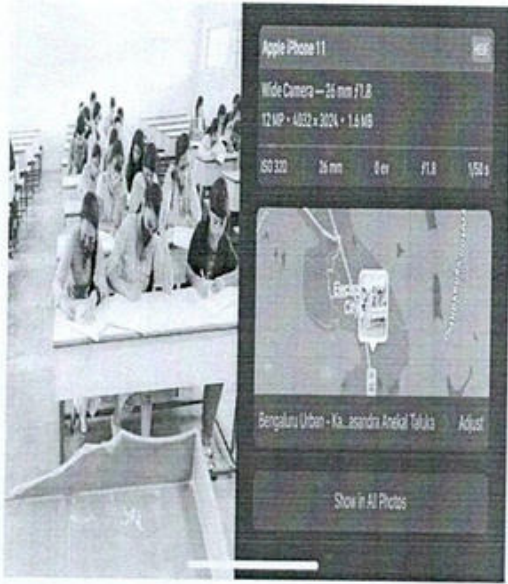

Water conservation is a big thing and involves using water sources judiciously, but every little bit helps, every drop that you save counts. We must all make some little changes in our lifestyles that will change the course of our water. It takes just a small amount of motivation and willingness to bring about a change and importance of water conservation in the mind of students.

The event was organized and coordinated by the Desalite's Nature Club members under the guidance of Prof, Dhanujakshi.A Department of Commerce& Prof, Dr.Pandikani.M. Overall participation was good.

## Report on Environmental Day celebration

Title	Report on Environmental day celebration
Department/Association/Cell/ Committee	Desalite's Nature Club
Venue (Mention the platform if it is Online)	
Number of Participants	28
Target Audience	500
Resource Person with qualification	Manasi Mishra
Event Coordinator	Prof. Dhanujakshi. A Prof. Pandikani. M
<b>OBJECTIVE :</b> Environmental day celebration is a part for students to increase their understanding and helps the process of saving the trees and for the future.  An Environmental day celebration was organized by the Desalite's Nature Club. There were many competitions and stalls by the students which made all the other faculties and students to get realized about the environment. Students were requested to participate in all the activity that was held by the nature club students gave awareness to the peoples about the road safety as How the people react when they see the ambulance. they should not use the mobile while crossing the road. they should not attend call while driving. they should wear helmet while they are driving the two-wheelers and they should wear seat belt while driving the four-wheelers.	

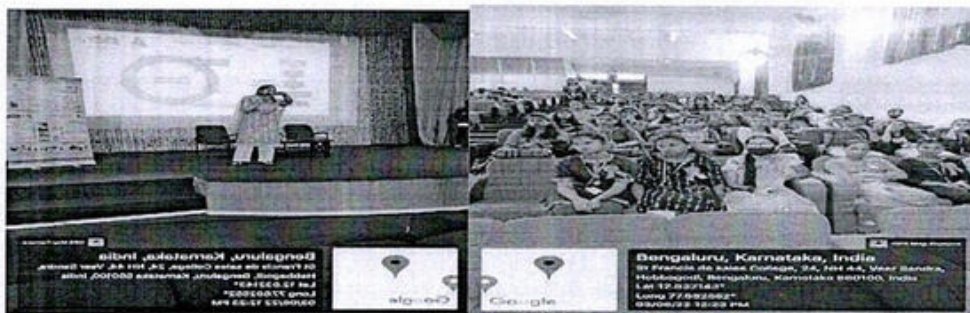

Electronics City P.O., Bengaluru - 560 100

There was a huge response from the students where the competition were held and the actively participation was done. There was many competitions like pick and speech, identification of the trees which is shown, and the small speech by students about the environment. Those who all participated in the events held was appreciated by giving chocolate. Fathers were also spoken about the environment where the students got little more information by the fathers. After this activity the plantation of trees were done in our college for environmental day celebration.

After the plantation of the trees, there was an WOW company auditor Manasi Mishra, who had an interactive session with all the students on solid waste management. Later on we went for the school visit .we were 30students together who visited the school. The school name was vapsandra government school. We took some plants to plant there in school, we took some charts to give them and we explained about the environmental day. Where the school children gained little more knowledge about the environment. The school students also spoke about the environmental in both Kannada and English.

The event was organized and coordinated by the Desalite's Nature Club members under the guidance of Prof, Dhanujakshi.A Department of Commerce & Prof, Pandikani.M. Overall participation was good.

objectives:-

Essay writing Competition is an important part for students to increase their understanding and helps the process of learning.

An Essay writing Competition was organized by the Desalite's Nature Club. The competition was announced on 10<sup>th</sup> November 2021 via message and notification to all the students of St. Francis de Sales College. Registration form was sent to all the students to participate in the Essay Writing Competition. Students were required to submit it electronically. Only one entry per person was allowed.

There was a huge response to the competition. 93 students registered to contest in the Essay Writing Competition for Desalite's Nature Club and due date was given to all the participants. It was informed to all the participants to participate in the competition on 12.11.21 in Seminar Hall at 1.20 p.m. Only 38 participated in the competition. For judging the competition, a committee was constituted. The judges were impressed by the way of presenting the content in English and Kannada. On the basis of the recommendations of the selection committee, 3 winners in Kannada and 3 winners in English were finalized. Based on the decision taken by Prof. Sheeba, Department of English, Ms.. Dhanushree.M from 1<sup>st</sup> semester B.Com, D section has been announced as 1st winner, Ms. Selvi.R from 1<sup>st</sup> semester B.Com, D section has been announced as 2<sup>nd</sup> winner and Ms. Priya.S from 3<sup>rd</sup> semester B.Com, D section has been announced as 3<sup>rd</sup> winner. Dr.Prakasha , Department of Kannada announced Ms.Komala.M from 3<sup>rd</sup> semester B.Com, C section has been announced as 1st winner. Ms.Roopa.S from 3<sup>rd</sup> semester B.Com, D section has been announced as 2<sup>nd</sup> winner and

### **Objective:**

The Objective behind to organize Quiz competition is to evaluate the knowledge of the participants within the particular topic beyond academics and to make them familiar with the prospects of quizzes and the objectivity of the questions. The most important thing is to create awareness about World Water Day and World Forest Day.

The aim of celebrating World Water Day is to take action to tackle the

Electronics City P.O., Bengaluru - 560 100
