“Goodbyes make you think. They make you realize what you have had, what you have lost, and what you have taken for granted.  
-Ritu Ghatourey

The morning of 28th August echoed with the blessings for the batch of 2021 as all students and teachers came together to bid goodbye to the outgoing batch of final-year students. It was a morning filled with mixed emotions for everyone present to witness the official send-off for final year students at the batch party. The day was a fiesta devoted to the years spent together with friends and teachers to reminisce the joyous moments of the 3 wonderful years on this amazing campus. The students organized a brilliant batch part with great enthusiasm.

The function began with the welcome speech followed by a song medley dedicated to the fantastic friendships that had made the college life worth it for the students of this batch.

Students shared their views and experience about the department and college, then teachers also expressed their views and experience with the students. Faculties of the department expressed their hope that students will continue holding the best positions in the upcoming days of life.

To brighten up this event, both the batches bought the cake and which was cut by both the class coordinators and the HOD.

Students had organized wonderful games for teachers, where both the teachers and students participated.

The day was a memorable one both for the outgoing batch and the teachers. There was a lot of emotion and nostalgia as students took photographs with teachers and their friends.

Students shared homemade sweets and lunch with the teachers.

The entire program was wonderfully organized by final year students with the help of their class coordinators.

Title	Debate on Online vs Offline class
Date of Event(s)	27-07-2021
Department/ Association	BCA
Venue	Room number 302
Number of Participants	45
Target Audience	BCA Second year students

- **REPORT ON DEBATE**  
**TOPIC: ONLINE Vs. OFFLINE EDUCATION**

Department of Computer Application, SFS organized a debate for 2nd year BCA "Online Vs. Offline Education" on 27th July 2021. The debate helped the students to think critically and share their views on the given topic. This class activity was conducted by Prof. Nayana K V Department of Computer Application as a part of Cyber Spirits Association Club. The debate helped the students to think critically and share their views on the given topic.

Four teams with three students in each team participated in the Debate. Two teams spoke in favour of online education, and the other two teams spoke for offline education.

Debater from the team online education said it is a useful teaching method for the new generation and has more flexibility. Advances in technology makes online teaching more effective. They also contributed by saying many students in the classroom environment aren't comfortable talking in public. They feel free to clarify their doubts through online education. Online education helps to save money that they need to spend on campus stay, food, and parking.

Debater from the team offline education said it allows the teachers and students for more interaction. Pandemic is one reason where we depend more on online education. A student who resides in the remote areas finds it difficult to access online education due to poor internet connectivity which may affect their learning. In the online mode of education, the teacher cannot monitor the students directly they need to be more self-responsible for their learning. Offline education allows students to meet their teachers to clarify their doubts directly and improve their clinical practice skills and also actively engage themselves in extracurricular activities.

In conclusion, students said it is very essential to learn the skills to provide care to the individuals but this may not be possible in online education. A student from the audience explained the difficulty that they are facing by watching the slides for a long time in the online mode and also he said it increases the screen time.

The moderator concluded by saying that online and offline education has to go hand

in hand based on the situation. But practical skills are essential in the computer application, so offline education is very much needed to develop logical skills.

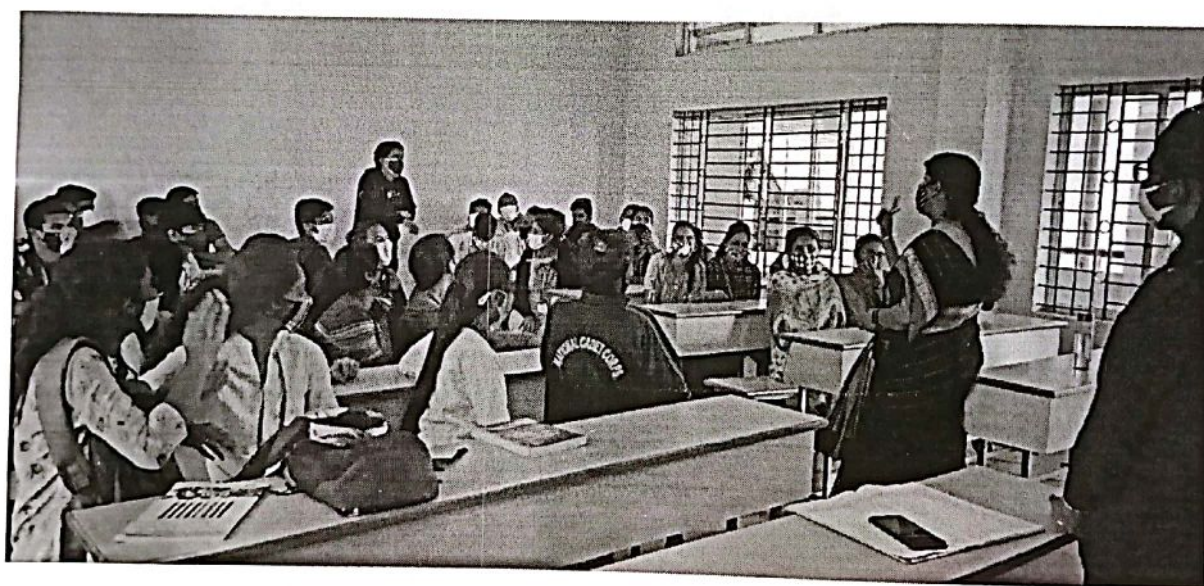

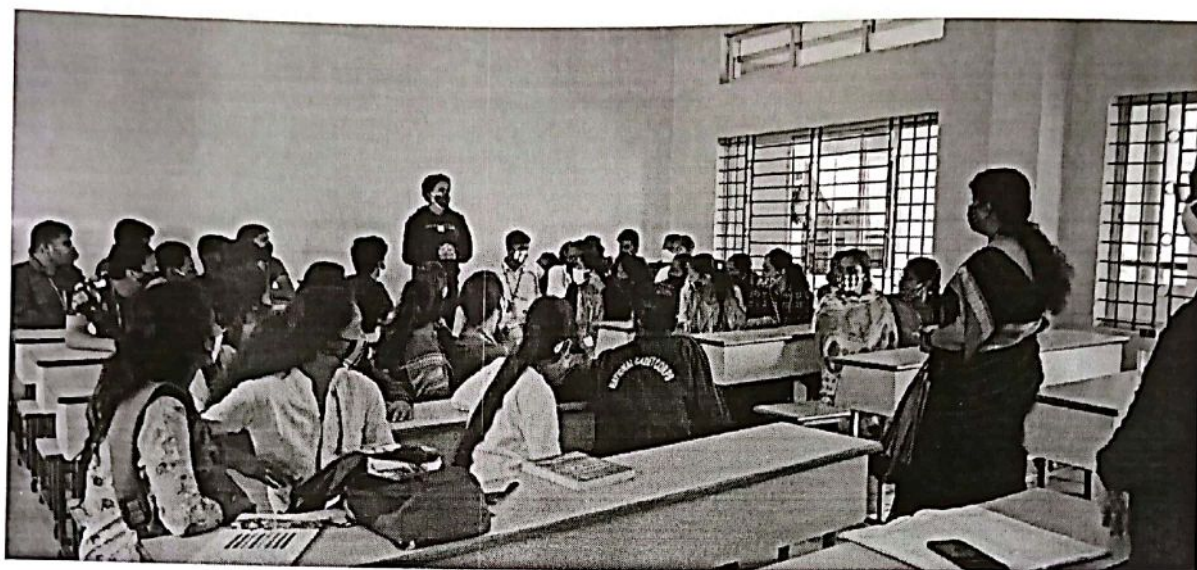

Students applauded appreciating each of them who actively interacted.

### **Class Activity:**

**Objective:** To inculcate logical and critical thinking skills , and prepare final year students for interviews.

Department of computer science has organized a puzzle competition as a part of the class activity for the 3rd year BCA students. On the topic Analytical thinking and problem-solving. The competition was conducted to help the students to think logically, enhance practical knowledge of students and to be confident in their upcoming job interviews and campus interviews. All the puzzles that were asked in the competition were the question that was asked by the interviewer from the famous enterprises like Google,Infosys, Wipro, etc...

The entire class was divided into 3 teams and the students enthusiastically participated and showcased their brilliance by answering the questions which even helped them to work as a team. Though some of the questions were very tricky, the students tried to answer them with confidence. They found this competition very informative and knowledge enriching.

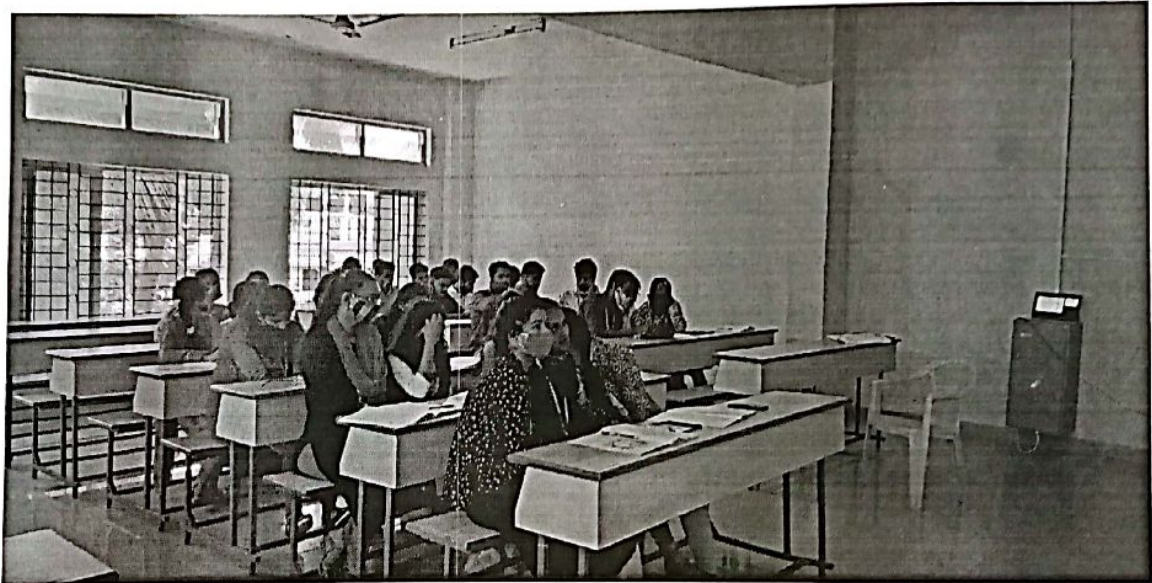

The Department of Computer Science encourages such positive competitions and hopes to bring out the best in all its students through such competitive events. The students

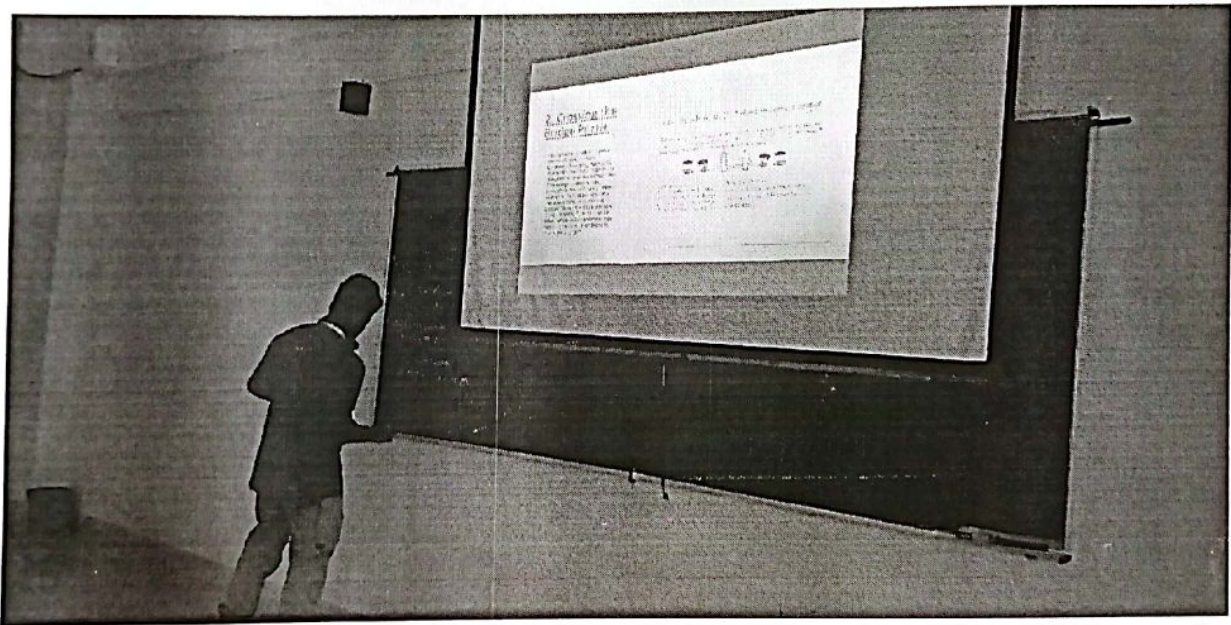

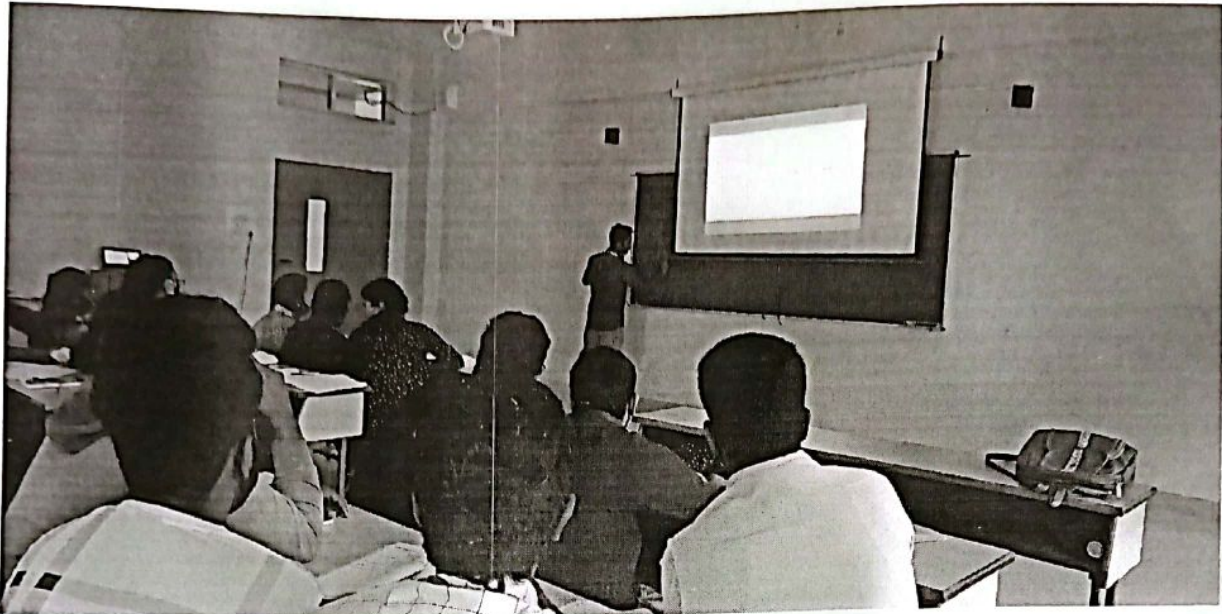

benefitted much with this competition by way of gaining much knowledge in problem solving and Analytical thinking.

Here are few sample questions,

- 1. **Ants and Triangle Problem:** Three ants are sitting at the three corners of an equilateral triangle. Each ant starts randomly picks a direction and starts to move along the edge of the triangle. What is the probability that none of the ants collide?
- 2. **Crossing the Bridge Puzzle:** Four people need to cross a rickety bridge at night. Unfortunately, they have only one torch and the bridge is too dangerous to cross without one. The bridge is only strong enough to support two people at a time. Not all people take the same time to cross the bridge. Times for each person: 1 min, 2 mins, 7 mins and 10 mins. What is the shortest time needed for all four of them to cross the bridge?
- 3. **Heaven's Gate Problem:** You are standing before two doors. One of the path leads to heaven and the other one leads to hell. There are two guardians, one by each door. You know one of them always tells the truth and the other always lies, but you don't know who is the honest one and who is the liar. You can only ask one question to one of them in order to find the way to heaven. What is the question?
- **Wolf-Goat-Cabbage:** There is a farmer who wishes to cross a river but he is not alone. He also has a goat, a wolf, and a cabbage along with him. There is only one boat available that can support the farmer and either of the goat, wolf or cabbage. So at a time, the boat can have only two objects (farmer and one other).
- But the problem is, if the goat and wolf are left alone (either in the boat or onshore), the wolf will eat the goat. Similarly, if the Goat and cabbage are left alone, then goat will eat the cabbage. **How many minimum trips for the farmer to get everything on the other side (without any harm)?** Crossing the river counts as one trip.

At the end few student come up with different puzzles to solve, it was quite an interesting session.

## A REPORT ON

### 'Faliz Nevidad'- Christmas day celebration-2020

**Date:** 22<sup>nd</sup> December 2020

**Venue:** Auditorium

**Organized:** DCA

The situations were getting worse due to covid-19. People were in great distress since they could not attend the Christmas Mass at churches. Even though the situations were not in our favour we still managed to celebrate Christmas.

The DCA coordinator Mr. Augustin Joseph and Ms. Mevi Verghese had a meeting with vice principal, Fr. Jijo Jose, to discuss on the Christmas day celebration. The celebration was held on 22<sup>nd</sup> December 2020.

The MC of the event was Ms. Evageline Richard and Mr. Augustin Joseph. The following is the description about the event. The baby Jesus was carried by the guests and placed in the crib, which was placed in the center of the stage. Then it was followed by a small introductory prayer was done by Fr. Jijo, using music and PowerPoint presentation reflecting about the different aspect of the current pandemic. Mr Augustin narrated a story about light. The formal introduction was given by Ms. Sini. Following the most awaited, Christmas carols, which was led by Mr. Francis Lopaz. There was a lot of fun with Santa clause dance. The whole SFS family enjoyed all the songs. Then there was the chief guest's message by Fr. Philip, MSES. There was a the revealing of the secret Santa and secret friend , followed by the

exchange of Christmas gifts from the management. Then the 560-100 a presidential address by the principal Fr. Roy, with beautiful stories, which inspired all. Then the formal vote of thanks

given by Ms. Mevi Verghese. At the there was a special prayer by Fr. Jijo. there was also lunch arranged for all, which everyone enjoyed.

This Christmas was different from the other ones but it reminded us that even though the times are difficult.

A pleasant and happy atmosphere prevailed in the atmosphere. Even though the celebration was not like the one we used to have with a crowded house, this was a good chance of things. We got to spend the rest of the day with our family, telling jokes and enjoying.

<b>Venue</b>	:	Online
<b>Number of Participants</b>	:	80
<b>Target Audience</b>	:	3 <sup>rd</sup> Sem, B. Com
<b>Resource Person(s)with qualification</b>	:	Asst. Prof. Indra Kumari V

### Objective

A small online GK quiz was conducted for the students of 4<sup>th</sup> semester students. This was conducted as part of club activity to retain the enthusiasm of students in the class. This activity was particularly chosen to enable the students to learn information from all the fields.

### Introduction

The activity was an initiative by Prof. Indra Kumari V from the department of Commerce in view of the knowledge enrichment. It was an activity conducted in the virtual class other than routine subjects and syllabus. A golden opportunity for the students of law to explore and improvise their General Knowledge skills.

To enhance the knowledge and update the students about the current events, an Online GK quiz was conducted through Google form on 20<sup>th</sup> May, 2021. Students were eager to attend the quiz competition. Quiz was included with 30 questions of 1 mark each of multiple choice and short answer. The time limit for the quiz was 30 minutes. At the end of the competition, winners' names announced based on the total marks scored by the students and e-certificates also given to all the participants.

www.sfscollege.in

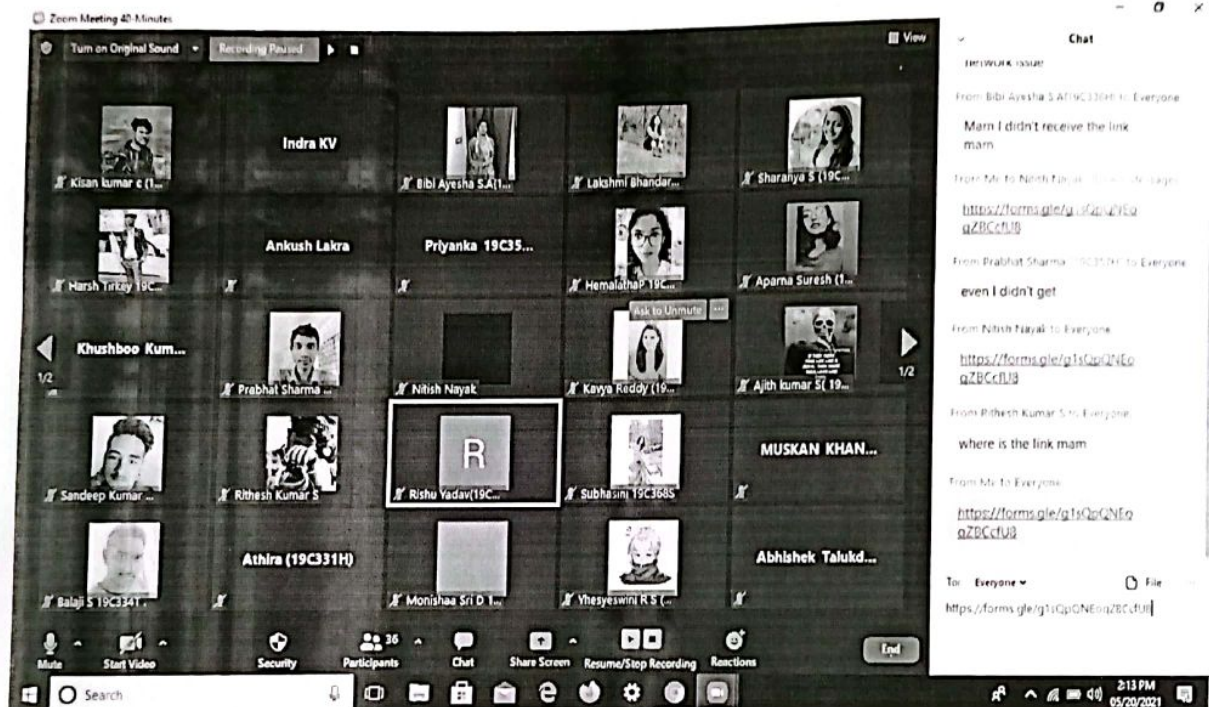

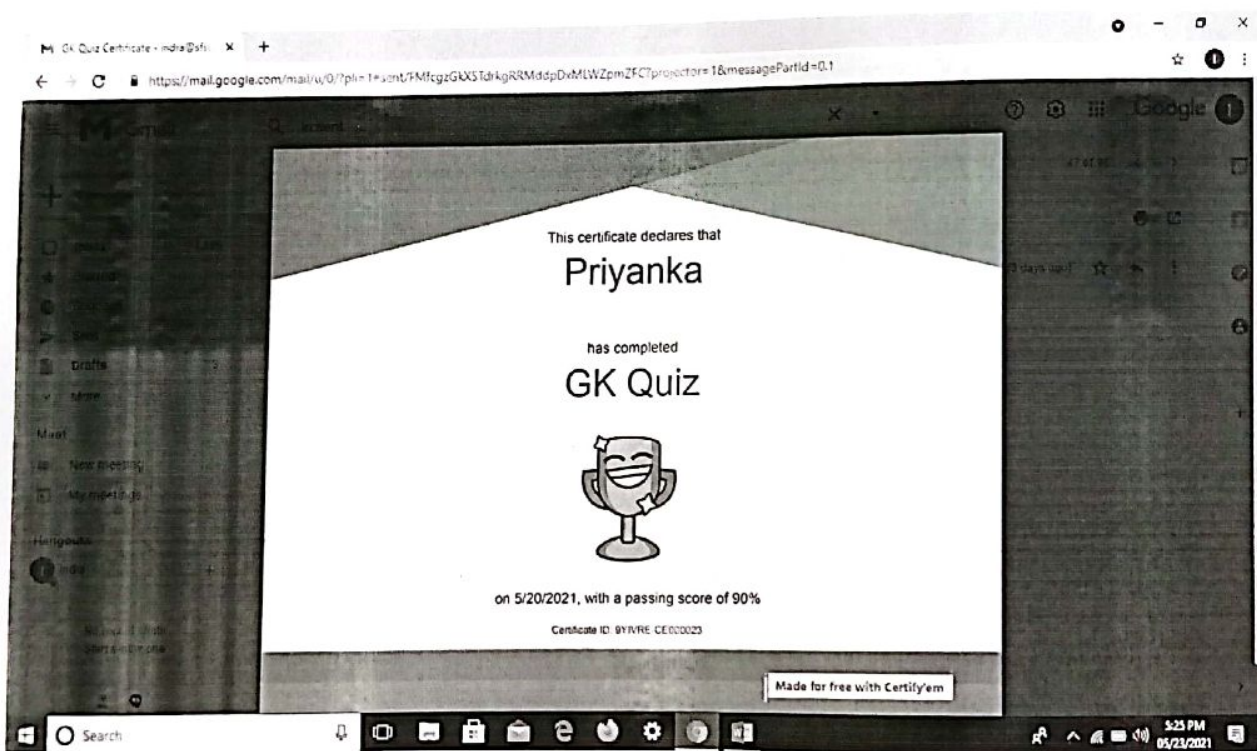

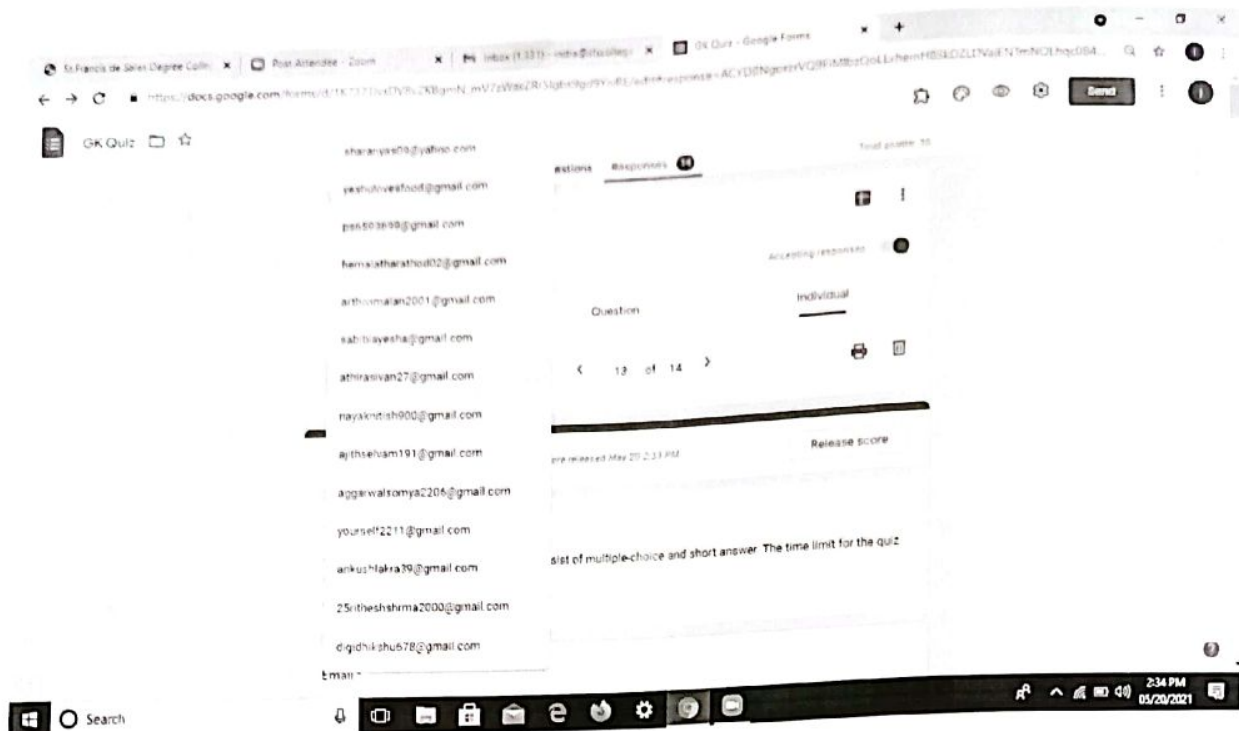

The winners are as follows:

1. 1<sup>st</sup> place: Arthi V (scored 27/30)
2. 2<sup>nd</sup> place: Priyanka (scored 27/30)
3. 3<sup>rd</sup> place: Tarun D Gehlot (scored 26/30)

This quiz helped students identify what they know and what they don't know. The students then have a better idea of how well they are grasping the information, hopefully motivating them to study more and helping them allocate their study time effectively by focusing on the information that still needs more practice.

### REPORT ON GLORIOUS NOEL 2020 (CAROLS SINGING COMPETITION)

The Carol singing competition was conducted for the first time in SFS College. Glorious Noel 2020, a Solo Carol Singing Online Competition was held on 21<sup>st</sup> of December 2020 at 1.00pm for all UG and PG students of St Francis De Sales College only. It was organized by the Cultural Committee and the Desalite Christian Association (DCA) of the college as part of Christmas celebration. This event is the first online cultural event held at the college.

Students were encouraged to register for this event using the Google form which was sent to them along with the Circular of the event as on 17<sup>th</sup> of December 2020.

All the interested students were asked to register their names with the cultural committee by 19<sup>th</sup> of December 2020. A whats app group with all the students was created to have a proper communication.

The terms of the competition were as follows:

Electronics City P.O., Bengaluru - 560 100

Tel: 080-27836065 / 27834611, Fax: 080-27832299, Email: sfscollege.ecity@gmail.com | sfscollege@rediffmail.com  
www.sfscollege.in

- Participants were free to sing songs of any language.
- Maximum time given to each participant was 5 minutes.
- Participants were encouraged to use karaoke as marks were also allotted for harmony.
- Students were allowed to clap hands, stamp their feet as part of their presentation and were asked to keep their videos turned on while they sang.
- Order of performance was based on the Chest numbers allotted to each participant as per their registration.

The mode of the event was online; the students were provided a zoom link. The performance of the participants was projected and the Judges could watch the performance and judge the participants. Apart from the judges, Vice Principal Fr. Jijo and the cultural committee members and the DCA members were present.

The three judges of the event were as follows:

Judge 1: Prof. Evangeline Richard

Judge 2: Prof. Francis Lopez

Judge 3: Prof. Victoria Reena.

All the participants were informed well in advance that the judges' decision would be final and E-certificates were provided to the winners and all the participants.

The event went on very smoothly with 17 participants who took part from different departments of the college. The details of the participants:

## Report on Quiz on Human Resource Management (HRM)

Date of Event(s)	:	17/05/2021
Department / Association	:	Commerce
Venue	:	Online
Number of Participants	:	
Target Audience	:	
Resource Person(s) with qualification	:	Asst. Prof. Nikhitha S Thomas

### Objective

The objective of conducting the Quiz on the topic Human Resource Management (HRM) was to check the level of understanding and the knowledge of students in the subject area and to enable students to be better Quizzer.

### Introduction

A Quiz was held on 17/05/2021 for the I - B. Com on the Topic Human Capital Management by Asst. Professor Nikhitha S Thomas. It was conducted online through G-meet. Kahoot (a game-based learning platform that makes it easy to create, share and play learning games or trivia quizzes in minutes, Unleash the fun in classrooms) was used to make the quiz more interesting and interactive.

One tool becoming more common, especially in online education, is quizzes. It helps with concentration, identify gaps in knowledge, build confidence and help students retain information. In the world of education there are many different ways to teach and to consolidate what has been learned. In years gone by, students are expected to memorise dates, formulae and figures by rote. But this method of teaching can be quite dull, to say the least! To help students prepare for an upcoming exam or test, why not prepare a quiz to highlight any gaps in learning? It will also create a template of keywords and phrases for students to memorise. Ten keywords or sentences is a lot easier to remember as a guide, and seems far less daunting than having to revise the whole topic. Each quiz is made up of a

variety of question types. Half of the questions for each quiz use prompts to help students find the correct answer.

### **Learning Outcome**

- Demonstrated an understanding of key terms, concepts and practices within the field of HRM
- Demonstrated competence in development and problem-solving in the area of HR Management
- Provide innovative solutions to problems in the fields of HRM

It was a very interesting and interactive activity wherein each concept was explained after each question which helped the students to relate the concept to the real business scenario. All students participated with great zeal.

## Report on Marketing Quiz - Logo and Tagline of the famous company

Date of Event(s)	:	26-05-2021
Department / Association	:	Commerce / ACME
Venue	:	Zoom-online
Number of Participants	:	
Target Audience	:	II Semester B.com
Resource Person(s) Name with Qualification	:	Asst. Prof. Anusha Bhatt

### Objectives

- ✓ To make students understand the logic behind each logo and tagline
- ✓ To make students understand how important are logo and tagline to capture the minds of the customers.
- ✓ To improve their thinking level.
- ✓ To make the subject understand practically.

### Introduction

A logo is a visual symbol used to instantly identify a company, organization, product, or brand. Logos may show an entity's name spelled out with letters or they may be abstract designs, such as the Nike stripe. Some logos contain hidden messaging, for example, keen observers will notice how the FedEx logo contains a white arrow shape, in the negative space between the letters E and X, to symbolize delivery accuracy.

- Logos are an important part of a brand's identity, and instantly recognizable logos are valuable property to a company.
- Logos are intellectual property protected under trademark law.
- Some companies with the most famous logos are Coca-Cola, McDonald's, Nike, Starbucks, Apple, and Mercedes-Benz.

- A Tagline is a phrase that says about the company or what the company does. It is very

important.

Companies have slogans for the same reason they have logos: advertising. While logos are visual representations of a brand, slogans are audible representations of a brand. Both formats grab consumers' attention more readily than the name of a company or product might. Plus, they're simpler to understand and remember.

Because it grabs attention, makes a strong first impression, is the foundation of your brand identity, is memorable, separates you from the competition, fosters brand loyalty, and is expected by your audience.

The activity was conducted by dividing into two in a group, five groups have participated in the quiz competition 6 rounds was consisting of three rounds based on Logos of famous companies and three rounds based on the tagline of the company students actively participated in the competitions. There were able to identify the logos and taglines.

### **Outcome of the Activity**

The audience was given chance if the participants failed to answers. Overall, it was an informative and fulfilled session. Students asked for such activities in the future.

### Objective:

A small quiz was conducted for the students of 6th semester students. This was conducted as part of a club activity to retain the enthusiasm of students in the class. This activity was particularly chosen to enable the students to understand the new beginning changes and learn about the history of a company and how the business has changed over time to fit the needs of the new age.

### Introduction:

The activity was an initiative by Prof. Indra Kumari V from the department of Commerce in view of knowledge enrichment. It was an activity conducted in the virtual class other than routine subjects and syllabus.

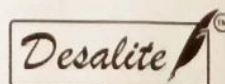

The quiz drew an overwhelming turnout of participants. All students were excited to answer all the questions. As per the attendance, students were divided into 3 groups. Group 1 answered all the questions compared to group 2 and group 3. The topic was a logo quiz of different brands and companies. It helped the students to improve their knowledge by participating in the quiz. It was a fun-filled event with everyone challenging their general knowledge to the utmost.

Quizzes help students identify what they know and what they don't know. The students then have a better idea of how well they are grasping the material, hopefully motivating them to study more and helping them allocate their study time effectively by focusing on the information that still needs more practice. What's more, though, in some cases a test can make

- Randomizing questions.
- Quiz results/ gain insight in audience.
- No instructor needed.
- Set timer.
- Better overview.
- Improve your brand.
- Build motivation
- Track and report what's learned
- Help students remember what they learned

### **Outcome of the Activity**

The session was very helpful and enriching for students in terms of understanding the different brands and companies' logos and its importance. Overall, the quiz received very positive feedback and continues to be a fan favorite among the students.

### REPORT OF THE EVENT:

We celebrate National Science day every year to commemorate the Nobel Prize winning discovery of Raman effect by the great scientist Sir C.V. Raman on 28<sup>th</sup> February. All science enthusiasts and organisations celebrate this day with a theme every year released by the Government of India. This year's theme for the National Science day was "Future of Science Technology and Innovations: Impact on education, skills and work".

The Department of Science celebrates National Science day every year with a series of events and activities based on the theme. This year we conducted a two-day celebration with a national level Online Quiz contest, Invited Talk and a Science Communication Video Contest. The quiz programme was based on a video on innovative practices in e-waste management. The primary objective of the video was to spread the awareness on e-waste management practices and its importance. The e-waste management programme is one of the best practices of the department. The quiz received 192 responses. Certificates were released online to those who could score 70% and above.

Organized by	Dr. K. Lokanayaki

Department of Computer Science organises Club Activities under the Cyber Spirits Association to impose Activity Based Teaching Method. Activity method is a technique adopted by a teacher to emphasize his or her method of teaching through activity in which the students participate rigorously and bring about efficient learning experiences. It is a student-centred approach. It is a method in which the student is actively involved in participating mentally and physically.

Public speaking and good communication skills are a part of Personality Development. Recognizing this need for students, the activity Pick and Speak was organized for I BCA students on 17/02/2021. It was indeed a great joy to see students speak on these topics. Each one wanted to exhibit their best eloquence. The competition brought out skills including quick thinking and oratory. Over all it was an enjoyable and a learning experience for the students as they could keep abreast with the happenings in the wider world around them. The quest for knowledge, like everything else of value, is not to be obtained easily. It must be worked for, studied for, thought for, and more than that must be prayed for. To encourage the students to widen their knowledge on networking Quiz Competition. They conducted the quiz expertly and confidently.

The quiz was divided into four rounds: Infinite Bounce, Double or Nothing, Reflex Action and Rapid Fire. Every round was a mixed bag with questions from sports, books, languages, vocabulary and science. All the students were at the edge of their seats to know the answers and the participants were very active. The questions put forth to the teams were intriguing, exciting and made the audience applaud excitedly when the teams answered correctly. This quiz truly was a learning experience, for both the audience and the participants.

In the end, Boys won the first position, scoring a total of 55 points, Girls was placed at the second position with 35 points.

## Class Activity

Title	Debate
Date of Event(s)	21/12/2020
Department / Association	Cyber Spirits
Venue	Online
Number of Participants	72
Target Audience	BCA
Organized by	Prof. Lakshmi C B

As a part of club activity Group Discussion was conducted for V Semester BCA students. The topic of discussion was "A GADGET FREE WORLD CAN U IMAGINE YES I CAN LIVE WITHOUT GADGET?" Students actively participated in the debate competition on Gadgets surround us a boon or bane.

Activity was boys' team vs girl team Ramya R was made as score board in charge and students came up with few interesting valid points as follows:

Wherever we go, whatever we do, we need a gadget by our side. Be it mobile phones, tablets or any other electronic device, we cannot imagine our day without the help of these gadgets. There has always been a debate on whether gadgets are a boon or a bane to the society. While one set of people consider them a boon, there are many who consider it a bane. Some people feel that we are way too dependent on our gadgets and feel handicapped without them.

Nowadays, we usually get many hours of entertainment by sitting on our sofa in front of the television, commonly known as the Idiot Box. This makes us extremely lazy. In the past, when people got bored, they used to engage in some outdoor activities or go out for work. However, this practice is long gone. With the advancements in technology, the time that we spend with our loved ones has greatly reduced. We check up on them without actually checking up on them. All we do is text them and that is usually the only form of conversation we have with them. No more family dinners together, people prefer to surf the

net or watch movies rather than hang out with their family and friends. Another common practice is the use of online bookstores. No more libraries and real-time bookstores. We get all the books that we need online and download them. Gone are the days when people used to search through piles of books for the book they want. Gadgets are extremely popular for causing health problems. Our vision is the first thing that is affected. This happens when we stare at the computer screens for too long. Many kids also get addicted to their gadgets. Other problems include insomnia, obesity, hearing problems, just to name a few.

**Conclusion:**

As you know how the technology is being developed, now in this generation gadgets are the part of our life. Having gadgets in your life is a mixed package. There are ways in which it makes your life easier; it can connect all the electronic communications in your life into a small device, store a warehouse full of data, connect people around the globe and give everyone an electronic multi tool with dozens of apps chock full of useful information.

### **Objective:**

The main objective is to provide opportunity for Students of commerce to explore & improvise their General Knowledge skills. The benefits of expanding a student's knowledge and exploring new skills at an early age, quizzes redefine the education system in significant ways.

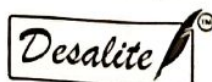

### **Introduction:**

The department of commerce conducted a quiz competition for the Sixth semester B. Com students on Auditing, and it was an MCQ-based quiz. The aim of the quiz was to gain practical knowledge about Auditing. Forty-five students in the class participated in this quiz competition under the guidance of Prof Kavyashree, class coordinator. It had a rapid-fire round which made it more exciting for the students and the audience. It was conducted on 20th May 2021, Thursday between 11:00 to 11:40.

Auditing is an important part of the accounting curriculum. The skills students learn in your classroom will not only prepare them for more advanced courses but to one day succeed in a career. It is to ensure that financial information is represented fairly and accurately. Also, audits are performed to ensure that financial statements are prepared in accordance with the relevant accounting standards.

A Golden opportunity for Students of commerce to explore & improvise their General Knowledge skills. Besides the obvious academic benefits of expanding a student's knowledge and exploring new skills at an early age, quizzes redefine the education system in significant ways.

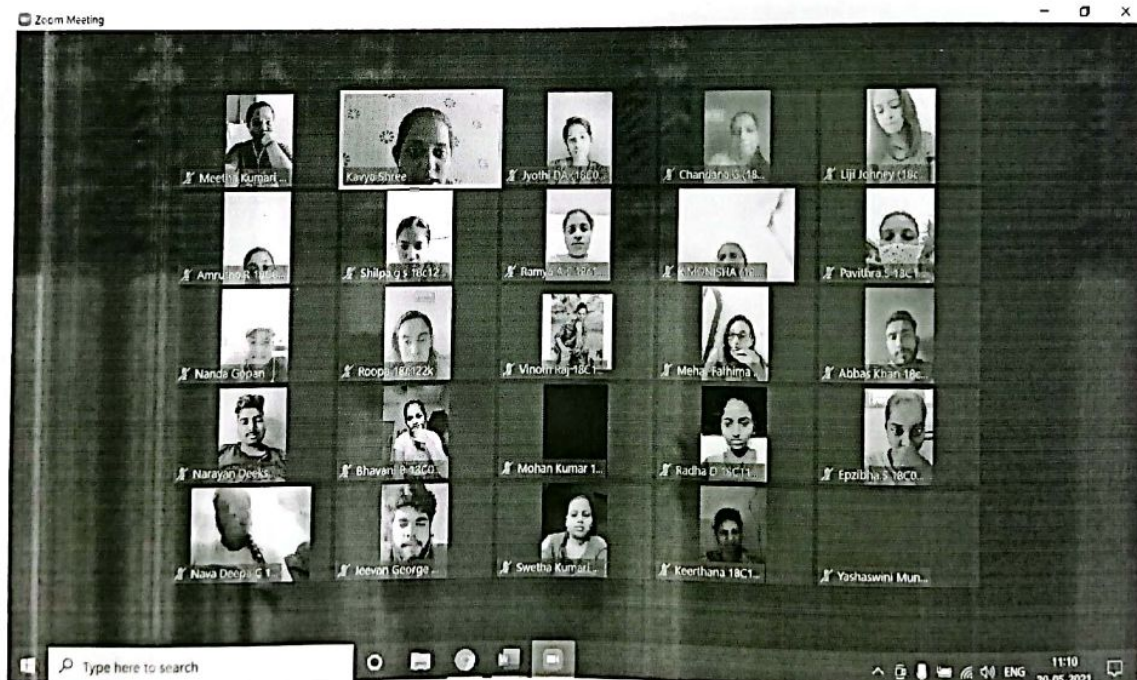

This Quiz helped students identify what they know and what they don't know. The students then have a better idea of how well they are grasping the material, hopefully motivating them to study more and helping them allocate their study time effectively by focusing on the information that still needs more practice.

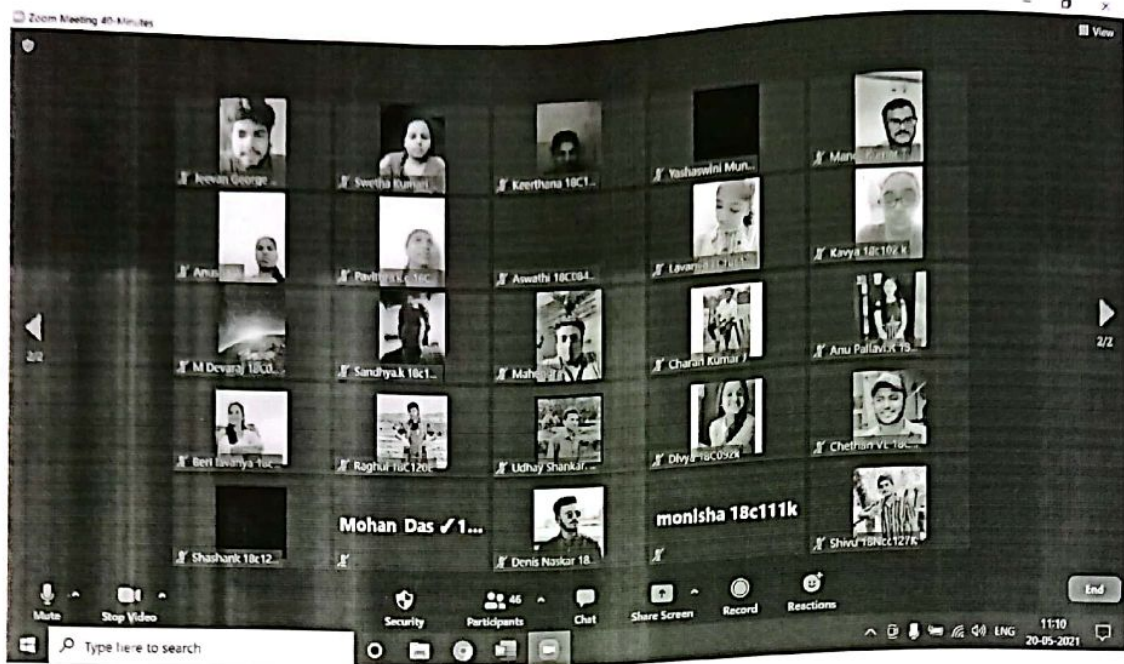

The participation in online quiz showed that the students really like these platforms in which they can take part hassle-free. It's low costing, time-saving & more accurate data-wise.

### **Outcome of the Activity:**

The students enthusiastically participated and showcased their brilliance by rapidly answering the questions. Though some of the questions were very tricky, the students tried to answer them with confidence. They found this competition very informative and knowledge enriching.

## Report of "Competitions on account of Awareness Program on Post Traumatic Stress Disorder"

Title	Competitions on account of Awareness Program on Post Traumatic Stress Disorder
Date of Event(s)	28.06.2021
Department / Association	PsyLight Club Dept. of Psychology Postgraduate Centre
Venue	Online submission of the entry
Number of Participants	10

### Report:

Post-Traumatic Stress Disorder (PTSD) Awareness Day is observed every year on June 27<sup>th</sup>. PTSD is a condition that many veterans and non-veterans alike suffer. PTSD can occur when someone experiences or witnesses a traumatic event. Traumatic events are unavoidable. People will have to be aware about the situations and understand the ways to deal with it. PsyLight Club, Dept. of Psychology planned to organize Competitions on account of "Awareness on Post Traumatic Stress Disorder". 28<sup>th</sup> June 2021 was fixed for the participants to submit their entries. Art Work, Poetry and Essay Writing Competitions were organized. Brochure with the details of the competition and link to register for the event was circulated. UG and PG Psychology students were invited for the competitions. All participants mailed their respective entries on 28<sup>th</sup> June 2021. Themes for each event was mentioned in the registration form. "Expressing Trauma" was the theme for Art Work, "Trauma and Life" theme for Poetry competition, and "Trauma and Stress" was the theme for Essay Writing competition. Participants had to focus on the themes given for competition. Judges from different departments were invited. Entries as per the categories were mailed to respective judges. After the review the results were mailed to the department. The winners of the competitions were given certificates.

**Positive Outcome:**

Awareness is important, the method of awareness would be different on different occasions. PsyLight Club decided to have awareness on PTSD through the form of competitions. Working on the event would provoke thoughts related to trauma and its association with life. Expressing trauma differs from person to person. Knowledge and comprehension about stress related to trauma is another aspect. Working for the competitions would have made participants to reflect more about trauma and its association with life. Working on competitions would have brought deeper sense of understanding about PTSD. The event was a success in bringing awareness about PTSD among participants.

## Report on GUESS THE MONUMENT NAME (WORD GAME)

Date of Event(s)	:	22 <sup>th</sup> May, 2021
Department / Association	:	B.COM (TT)- ACME
Venue	:	Online platform
Number of Participants	:	35
Target Audience	:	B. Com (TT)
Resource Person(s) with qualification	:	Asst. Prof. Satishwari T. K

### OBJECTIVE:

- The objective of this session was to make the tourism students familiar with the famous Indian Monuments which are there on the backside of the Indian note. Word game was based on the picture, will also help to improve the students to recall the various monuments that are available in India.
- It was a place recognition game and also a sort of session of learning about that monument.

### INTRODUCTION:

- **RESOURCES:** Students were asked to look at the pictures and guess the particular name of the monument which is there on 2000, 500, 200, 100, 50, 20 & 10 rupees Indian notes.

### Instructions:

- Students were asked not to google the answers and find out.
- Students should not give clues to others and help.

In the beginning, it was a learning session of the top monuments in India. Indian currency is available in various denominations. Some are in the form of notes whereas some in coins. Indian currency notes are always known for their monumental and architectural images printed on the back. The Reason why RBI prints these monuments behind the currency notes is to display the country's culture which reflects the nation's rich diversity and proud achievements.

Tel : 080-27836065 / 27834611, Fax : 080-27832299, Email : sfscollege.ecity@gmail.com | sfscollege@rediffmail.com  
www.sfscollege.in

There may not be any country without its currency. Currencies are considered the pride of the nation. These monuments printed on the reverse side of a currency show the treasure owned by the nation.

This depicts the precious heritage, beautiful sculpture, and intricate designs built several years ago. These old buildings stand as the pride of the nation in front of the world.

Monuments were explained just in 2 lines referring to each Indian currency note which later, started with the guessing game, to bring interest among the students.

This game was an individual game, to test how far students are well versed in the Indian tourism field. They were asked not to take a second chance to participate in the game. The basic consideration was only the Indian monuments as the tourist destinations which were at the backside of the Indian notes. Students enjoyed answering as it was a new challenging game. Finally, the student named NAVEENA.S won the competition. All the students participated with great zeal.

### **METHODOLOGY:**

- THINK FAST! Was the boosting word used to entertain the students during the game?
- The faculty showed in the online of 2000 rupees note- representing the image of Magalyaan Satellite, 500 rupees note- representing the image of Delhi Red Fort, 200 rupees note- representing the image of Sanchi Stupa, 100 rupees note- representing the image Rani Ki Vav, 50 rupees note- representing the image of Hampi Stone Chariot, 20 rupees note- representing the image of Ellora Caves and 10 rupees note- representing the image of Sun Temple of Konark.

It is a fun trivia game that you can play solo or with friends and family.
