Report on Class Activity Ethics in Daily Life

Title	Activity On Ethics in daily life
Date of Event(s)	12-05-2022
Department / Association	Department of Computer Applications
Venue	Room no 410
Number of Participants	51 BCA 6th Sem
Target Audience	45

Resource Person(s) with qualification	Prof. Sailaja
Books (if published)	

Values of are very important in everyone's life SFS always emphasis on Holistic development of students. It always emphasizes on various human values their prominence in ones life. in this connect faculty conduct various activities like quiz, street play , sessions role plays etc . In this context Prof. Sailaja has conducted an Activity on Ethics in Life. Ethics are the principles that guide us to make a positive impact through our decisions and actions. Ethics play an important role not only in our personal lives but also in business. We are all encouraged to make ethical choices and apply ethics in all areas of our lives.
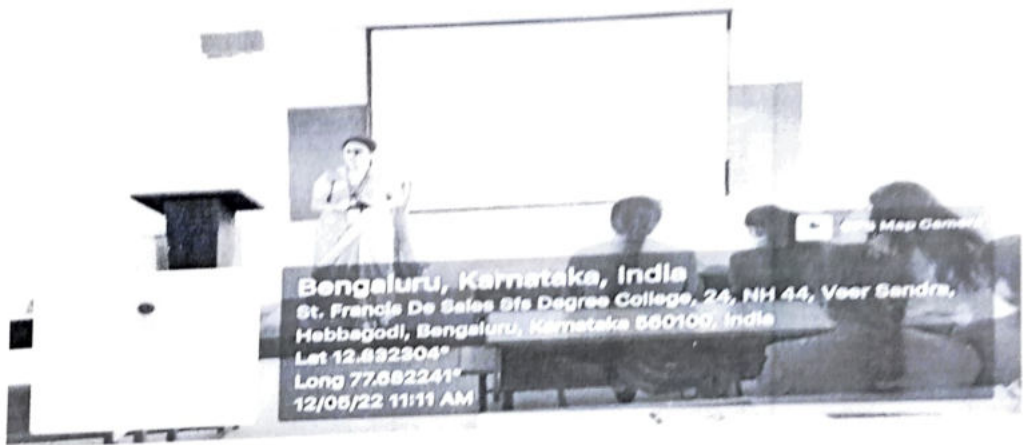

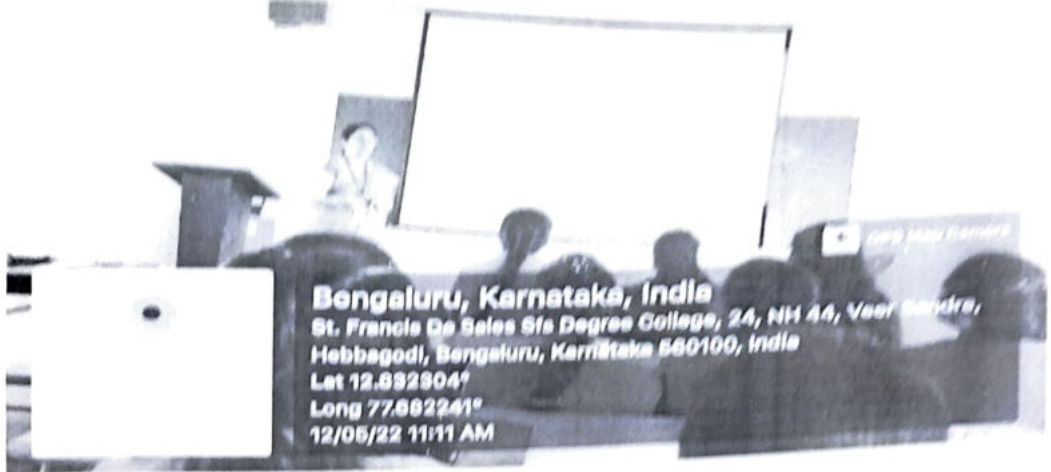

A short move on Ethics was screened and then followed by question answer session where faculty had posted few situations and interacted with students on how they would react to those situations. Few situations discussed were,

- Under what conditions should people be kept artificially alive?
- What type of diet allows for the best athletic performance?
- Is killing someone always illegal?
- Is killing a murderer justified?
- What is the most appropriate way to worship?

Desalite

- Should people be able to select the sex of their child in advance?
- You are driving over the speed limit because you need to take someone to the hospital who needs urgent care
- Your brother/sister is very ill and needs medication you cannot afford, so you steal it.
- Your friend wants you to try performance enhancing drugs
- You need to decide whether to kill one person to save the lives of many people.

Question	Characteristics
Scientific	- Asks testable questions about the natural world - Can be explored through scientific inquiry and observation - Relies on empirical and measurable evidence Example: How does a kidney function in the body?
Religious/Cultural	- Asks us what would be in line with a particular religious belief or practice or the common practices of a particular culture Example: What does my religion or culture say about whether it is acceptable to donate a kidney?
Legal	- Asks us what the law says about a particular issue - Ethics may inform the law, but sometimes laws are unethical and sometimes the ethical right thing to do may be illegal Example: Is it legal to sell kidneys in the United States?
Ethical	- Asks us what the right thing to do is — what we should or ought to do in the face of a moral dilemma - Often arises out of a conflict or issues among individuals or groups - Requires moral reflection, making evaluations and judgments about responsibilities, duties, values, and principles Example: Should individuals who donate a kidney be allowed to choose who their kidney should go to?
