Earth Day is an annual event on April 22 to demonstrate support for environmental protection. First held on April 22, 1970, it now includes a wide range of events coordinated globally by EarthDay.org including 1 billion people in more than 193 countries. It is an international event celebrated around the world to pledge support for environmental protection. The year 2021 marks the 51st anniversary of the annual celebrations.

Tel : 080-27836065 / 27834611, Fax : 080-27832299, Email : sfscollge.ecity@gmail.com | sfscollge@rediffmail.com

www.sfscollge.in

This year's theme for Earth Day is 'Restore Our Earth'. In 2009, the United Nations designated April 22 as 'International Mother Earth Day'. According to the United Nations, International Mother Earth Day is celebrated to remind each of us that the Earth and its ecosystems provide us with life and sustenance. This Day also recognizes a collective responsibility, as called for in the 1992 Rio Declaration, to promote harmony with nature and the Earth to achieve a just balance among the economic, social and environmental needs of present and future generations of humanity.

This day provides an opportunity to raise public awareness around the world to the challenges regarding the well-being of the planet and all the life it supports. The Department Association for Chemistry, Kanika, Department of Science conducted an online contest, "Know your Plant". The students of the college were asked to send a photo of any plant in their proximity or neighbourhood and made a write up on the plant. A total of 34 students participated in the contest. All the participants were given participation certificates on submission of feedback forms. Ananya V of II Semester BCom F/A won the first prize, Jhanvi S., IV Semester BSc (PCM) won the second prize and Harshitha N., IV semester BBA Section A won the third prize in this contest.

The contest could make the students look at the plants near to them and know its importance. A wide range of plants were identified by students and written on its features and uses. In feedback students expressed different ways how they are contributing and are planning to contribute to restore the earth. 95 % chose their contribution as planting trees and plants remaining they showed their concern on plastic pollution and the reducing the use of plastics as their contribution towards restoring the mother earth.

Report of Infinity 2021

Title	"Advances in Biochemical Research"
Date of Event(s)	13-01-2021, 11:00am to 12.00 pm
Department / Association	Kanika, Department of Science
Venue	Online (Google Meet)
Number of Participants	38
Target Audience	I & III Semester BSc (PCM) students
Resource Person(s) with qualification	Ms. Nalina Murthy, ICMR- Senior Research Fellow, CSIR- CFTRI, Mysore
Books (if published)	NIL
Place of visit/ details of Industrial visit place (if applicable):	NA

Ms. Nalina Murthy, ICMR- Senior Research Fellow, CSIR- CFTRI, Mysore delivered a talk on Advances in Biochemical Research at 11 am on January 13, 2021. Ms. Nalina is an MTech holder in nanoscience and technology from Kuvempu University, Shimoga and is currently pursuing her PhD. She has her research interests in Molecular Biology, production of recombinant enzymes and antibodies, nanomedicines and drug delivery, Nanotechnology in food processing and nutrition. An active member of society of bacteriophage research, she has received DST Nano mission Fellowship at Kuvempu University.

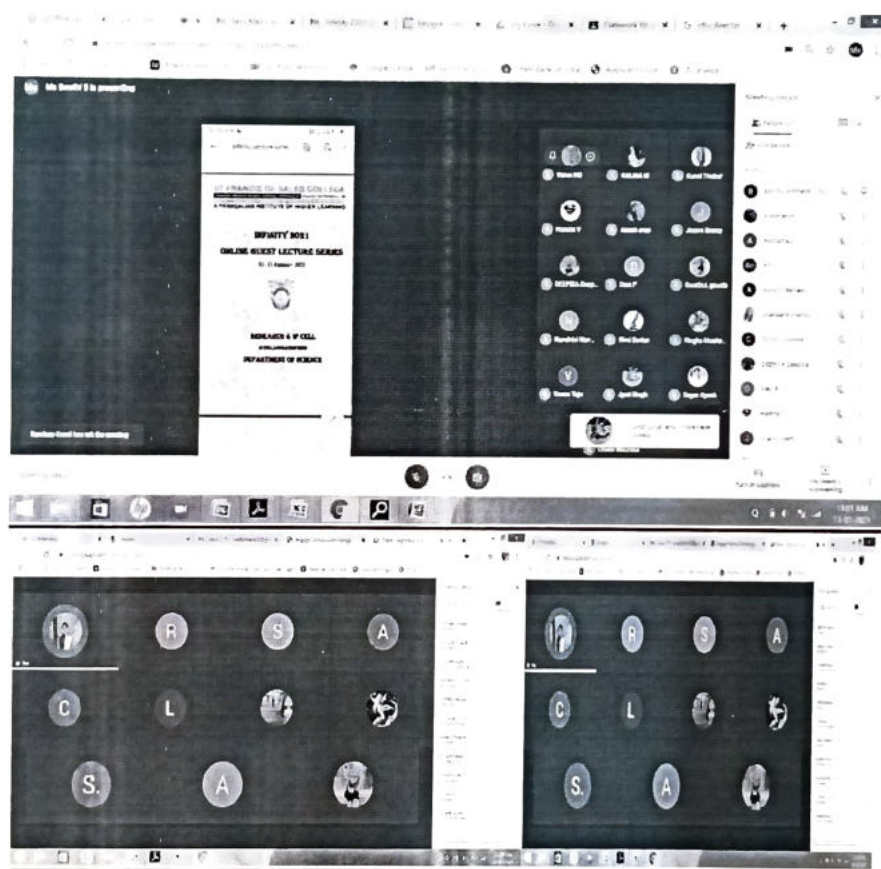

Electronics City P.O., Bengaluru - 560 100

Tel : 080-27836065 / 27834611, Fax : 080-27832299, Email : sfscollege.ecity@gmail.com | sfscollege@rediffmail.com
www.sfscollege.in

The session opened with the various applications of nanotechnology in food processing. The speaker could convey how relevant is the study of chemistry with respect to food & nutrition. The students of Chemistry were exposed to the research opportunities in the field of chemistry and enlightened and inspired by the talk.

Ms. Swathi S, Assistant Professor, Department of Science welcomed and thanked the resource person. Dr. Ambika Nautiyal expressed the words of felicitation. The session was attended by I and III semester BSc (PCM) students.

Report on "Tutorial on Safety Symbols and MSDS"

Title	Tutorial on Safety Symbols and MSDS	
Date & Time of Event(s)	14 January 2022	
Department Association	/ Department of Science	
Venue	Online Google Meet	
Number of Participants	19	

Report

Laboratory training is an integral part of science education. Laboratory training involves experimentation which involves observation, testing and reproducibility of data (collected during laboratory investigations). An important issue with laboratory training is safety of the students. Inculcating safety practices in laboratory learning is an important aspect of education for students. Creating awareness about safe laboratory practices and first aid measures is very crucial for safe laboratory experience. In Chemistry laboratories, students deal with a large number of chemicals. These chemicals must be used with utmost care as these are dangerous for human exposure.

A tutorial on safety symbols and MSDS was conducted online for final year BSc (Physics, Chemistry, Mathematics) students on 14-01-2022 at 1.40pm through in the online mode using google meet. In this tutorial, the focus was laid on identifying the safety symbols available on chemical bottles and different instruments that are used in chemistry laboratory along with the concept of MSDS will be introduced.

An evaluation was conducted through google form immediately after the tutorial. From the responses, it was clear that the students are able to identify the safety symbols after the session.

Report on Experiment & Exhibition 2022

Title	Experiment & Exhibition 2022
Date of Event(s)	15 th & 16 th of July 2022
Department / Association	Department of Science in collaboration with kanika club
Venue	Chemistry Lab
Number of Participants	15/07/2022-250 16/07/2022-150
Target Audience	PU and degree students
Resource Person(s) with qualification	NA
Books (if published)	NA
Place of visit/ details of Industrial visit place (if applicable):	NA

Science exhibition provides a platform for the students to use their scientific knowledge and bring the best invention from their brains. It also allows students to work together in groups and learn from each other. They share their ideas and collectively galvanize those ideas to bring something innovative into implementation.

The Department of Science in collaboration with Kanika club conducted a department activity named "Experiment & Experience 2022". The objective was not only to inculcate a scientific attitude and research- mindedness but also to enhance student's interest in science and technology.

The event showcased live experiments and demos. The exhibition gave a real time experience to all those who are interested to experiment science. The exhibition showcased a wide range of live experiments and facts that helped the visitors to explore the materials that they use in daily life. Experiment and experience made the visitors from other disciplines to experience the fun and facts through models and experiments.

On 15/07/2022 exhibition was open for SFS college degree students. Around 250 students visited.

Report on "Outreach Activity- Workshop on Safety in Chemistry Labs"

Title	Outreach Activity- Workshop on Safety in Chemistry Labs
Date & Time of Event(s)	26th March 2022
Department Association	Kanika, Department of Science
Venue	Online Google Meet
Number of Participants	19

Report

Laboratory training is an integral part of science education. Laboratory training involves experimentation which involves observation, testing and reproducibility of data (collected during laboratory investigations). An important issue with laboratory training is safety of the students. Inculcating safety practices in laboratory learning is an important aspect of education for students. Creating awareness about safe laboratory practices and first aid measures is very crucial for safe laboratory experience. In Chemistry laboratories, students deal with a large number of chemicals. These chemicals must be used with utmost care as these are dangerous for human exposure.

A workshop on Safety in Chemistry Labs was conducted online for teachers and students of other colleges on 26-04-2022 at 11.30 am through in the online mode using google meet. In this workshop, the focus was laid on identifying the safety symbols available on chemical bottles.

An evaluation was conducted through google form immediately after the tutorial. From the responses, it was clear that the participants are able to identify the safety symbols after the session.

Fig 1

Fig 2

The above charts (Fig 1 & 2) show some of the form responses.

List of Participants

(From form responses)

Name	Designation	Institution
Dr. NAGALAXMI. B. N	Associate Professor	mLAC Autonomous
M. R. Chaya	Associate professor	KLE s S. Nijalingappa College
Dr. K S Kiran	Lecturer	Govt. First Grade College Shivamogga
Vyshnavi V Rao	Assistant professor	MES college of arts, commerce and science
Tanushree S	Student	MES college of arts, commerce, science.
NITHYASHREE B R	Student	Mes college of arts commerce and Science Malleshwaram 15 th cross Bangalore
SAGAR k	Malleshawaram	MES degree
Shravya Bhat	Under Graduate Student	MES COLLEGE OF ARTS, COMMERCE AND SCIENCE
Sandeep Kumar s	Student	Amc college
Sachi patil	Student	Ramaiah University of arts science and commerce
SHRUTHI H	Lecturer	Kaveri first grade college anekal
M. sujatha	Associate professor	MES college of Arts, commerce and science
Shreeprada Girvani M S	MSc in Medical Biochemistry	MES Degree College Of Arts, Commerce And Science
Dr veena K	Associate professor	Maharani cluster University
Prasanna kumar S G	Associate professor	MSRCASC
Sherin Rison	Assistant Professor	Christ Academy Institute for Advanced studies
Sahana Taj S	Assistant Professor	DVS COLLEGE OF ARTS & SCIENCE, SHIMOGA

Rakshitha	...	Christ academy institute of advanced studies
Praveena T M	Assistant Professor	D V.S College of Arts and Science, Shivamogga
Tejashree V	MSc Student	St. Joseph's College Autonomous Bangalore
Mamatha S M	Assistant Professor	DVS ARTS AND SCIENCE COLLEGE SHIMOGHA
Dr Anjaneya K C	Assistant Professor	DVS College Of Arts and Science, SMG
J Saurab Jain	Msc 1st year	St Joseph's College
Savita Garg	Associate professor	East point college of engineering and technology
Surya M	Chemistry	Christ academy institute of advance studies
Tejas R	B.SC	CaiaS
Purushothaman R	Student	MES College of Arts, Commerce and Science

Remove gloves before leaving the laboratory.

Used gloves should never touch door knobs, elevator buttons, etc.

Use appropriate secondary container when transporting materials through common use areas.

Wash your hands with soap and water before leaving the lab.

THANK YOU
😊
