Rotaract Club,SFS College in association with Narayana Hrudayala Hospital and Rotary Bengaluru Health City organized a blood donation camp in the campus . The team from the Hospital was led by Dr.Girish of Narayana Hrudayalaya Hospital. They reached the campus by 9.00 A.M. with all the required equipments and also refreshments for the donors. The College had arranged the closed auditorium for the purpose.

The Rotaract members had visited each classroom previously and educated the students about the importance of blood donation and also taken details of the students who were willing to donate.

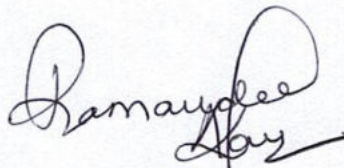

The hospital authorities in turn checked on each volunteer to confirm they are healthy enough to donate blood by checking their BP, Hemoglobin levels etc.

There was a huge response from the students and also from the faculty and non-teaching staff. The Principal set the example by donating blood. In fact we can say "Leading by example".

There were around 200 blood donations. The camp ended at 3 p.m.
