Report on Brainstorming Activity on NISM

Date of Event(s)	: 29/05/2021
Department / Association	: Commerce – ACME
Venue	: Zoom Platform
No. of Participant	: 129
Targeted Audience	: 145
Resource Person(s) with qualification	: Asst. Prof. Bharti T
Place of visit/ details of Industrial visit place (if applicable)	: Online websites

Objective:

- The goal of brainstorming was to come up with new ideas without criticizing any thought. Here's what you can achieve with brainstorming.
- National Institute of Securities Markets (NISM) is a public trust and educational institute, established by the Securities and Exchange Board of India (SEBI), the regulator for the securities market in India.
- NISM also offers various continuing education and certification programs for professionals in the Banking and Finance sector.

Introduction:

The Brainstorming session was conducted as a class activity for 3rd B. Com "C" and "D" students. The purpose of the activity is to provide students with the scope of the National Centre for Financial Education (NCFE) is a joint initiative of all financial sector regulators i.e., RBI, SEBI, IRDAI, PFRDA, and NISM. The NCFE has been set up to implement National Strategy for Financial Education (NSFE), under the guidance of the Technical Group on Financial Inclusion and Financial Literacy of the Financial Stability and Development Council (FSDC) of the Government of India.

The class activity helped students in terms of understanding much more things about NISM such as:

- National Institute of Securities Markets (NISM) is an Indian public trust and also the statutory professional body for Financial Market Dealers in India along with being the

- Securities and Exchange Board of India (SEBI) the regulator for the securities market in India. It is under the jurisdiction of the Ministry of Finance, Government of India.
- The institute is known for its flagship programme i.e., Post Graduate Programme in Securities Market and also other additional programmes which include Post Graduate Programme in Quantitative Finance, Certificate in Investment and Securities Law, Certificate in Treasury Management, Post Graduate Programme in Financial Engineering and Risk Management and Post Graduate Programme in Data Science.
- It also offers certification programmes, academic programmes, training programmes, capacity building, and skill development programmes in securities markets.

Students Understood the scope available for Securities Education. The School for Securities Education (SSE) offers flagship programmes specialized in securities markets. The programmes offered under SSE are

- Post Graduate Programme in Securities Markets (PGPSM)
- Post Graduate Programme in Quantitative Finance (PGPQF)
- Certificate in Investment and Securities Law (CSL)
- Certificate in Treasury Management (CTM)
- Post Graduate Programme in Financial Engineering and Risk Management (PGPFERM)
- Post Graduate Programme in Data Science (PGPDS)

The outcome of the activity

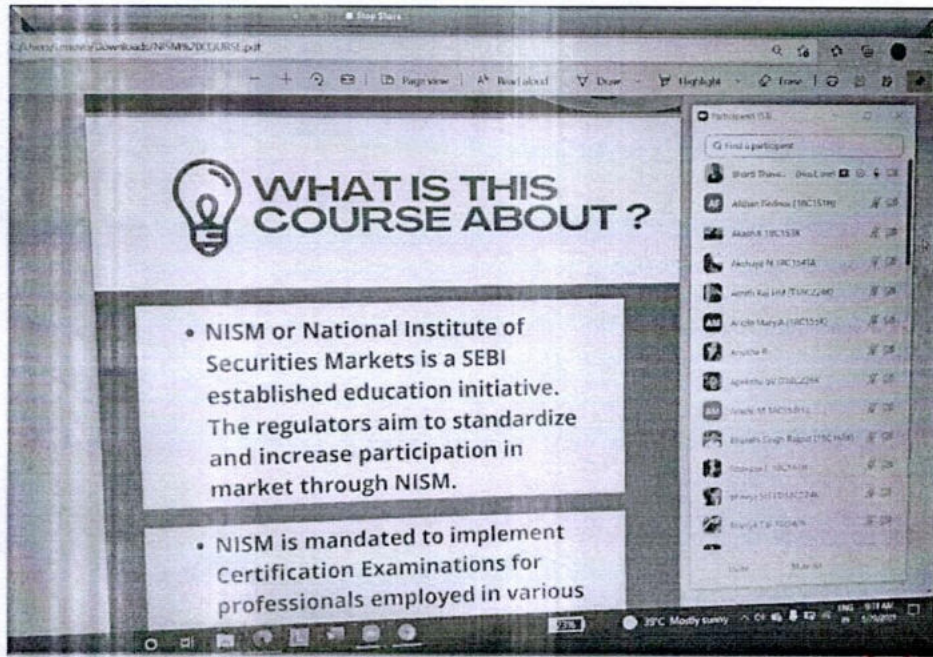

The session was successfully completed since the session was purely student-centric, all the students participated well and got information about the career scope available for students in the stock market. Overall, the class activity finished smoothly and all the students showed interest in participation.
