Topic: Activity on Pick and Speak

Target Group: VI semester BCA

Organised By: Prof. Lokanayaki

Date: 02/03/2020

Venue: Room.No. 303

Department of Computer Science organises Club Activities under the Cyber Spirits Association to impose Activity Based Teaching Method. Activity method is a technique adopted by a teacher to emphasize his or her method of teaching through activity in which the students participate rigorously and bring about efficient learning experiences. It is a student-centred approach. It is a method in which the student is actively involved in participating mentally and physically.

Public speaking and good communication skills are a part of Personality Development. Recognizing this need for students, the activity Pick and Speak was organized for VI BCA students on 02/03/2020. It was indeed a great joy to see students speak on these topics. Each one wanted to exhibit their best eloquence. The competition brought out skills including quick thinking and oratory. Over all it was an enjoyable and a learning experience for the students as they could keep abreast with the happenings in the wider world around them. It was indeed a great joy to see students speak on these topics. The activity brought out skills including quick thinking and oratory. Over all it was an enjoyable and a learning experience for the students as they could keep abreast with the happenings in the wider world around them.
