The Placement Cell of St Francis de Sales College in association with Bosch India Company RBEI has collaborated with CSRBOX for an exclusive live session on “Fundamentals of Ms Excel” for the Final Year students of BCA,B Com,BBA,BA,BSc and PG. The program focused on training students in building skills on “Fundamentals of Ms Excel ”and various career options they can choose after the course. The program emphasised on skills that are vital for placement and career growth. The objective of the

event was to enrich the students about the importance of having the required skill sets for a job.

The main objective of the Placement cell is to provide personal and career related support to the students with special emphasis on training the students on employability skills and to provide placement in various Industries/Organizations by arranging campus recruitment drives.

Placements give students the opportunity to gain skills specific to their subject or industry of choice as well as the employability skills required for real-life work. It also increases their knowledge of an industry or sector, allowing them to make better informed decisions about future career choices.

The session emphasised on how important it is to have a professional qualification which provides students a high repute and status in the Society apart from its financial scenario. It also emphasised on the fact as to how St Francis de Sales College as an institution provides the gateways to students to pursue their professional courses in continuum with their UG courses.

Highlights of the session:

- Importance of excel knowledge in corporate
- Exploration of excel
- Understanding excel
- Real world applications

To conclude the session though distinct in its approach had a common objective – to provide the student with the best of knowledge in that particular area. The session received extremely positive feedback and the College intends to provide such opportunities to students in the future as well.
