The objective was to exercise the student's brain and prepare them with common topics as mentioned below. Speed, agility, decisiveness and time management plays a crucial role while attending the exam. Training includes mock tests to prepare the students in real life scenarios.

The programme focuses on the following areas:

1. Effective utilization of Time during our day to day life.
2. Allocation of TIME to complete the predetermined tasks
3. Implementation of effective practices to utilize time effectively
4. Timely Management of Time is key to SUCCESS
5. Time as a turning point to reach your GOALS

The resource person said that for any departmental exams, aptitude test are to be planned in timely manner, sufficient time is to given to perform various tasks relating to achievement of the goals is the priority. He also discussed that allocation of TIME to other related works which are necessary and required to be in walk of life should not be curtailed. He was able to put the right things in right manner, since it has a negative impact on your journey towards success.

During the exam sessions the Time Management plays a very important role in clearing the exams and it is the primary requisite by any students to plan his schedule of the day. Proper training is needed and required to acquire efficiency and effective utilization of time.

The students should give utmost care and sufficient time to prepare and understand the subject-wise topics to be covered for the examination based on the latest pattern and syllabus. The Paper-I consists of General Aptitude Questions and Paper-II contains questions related to the concerned subject. Candidates are required to allocate equal and time and importance in handling these subjects specifically and effectively to clear the exams. These tips and information provided by the resource person helped the students a great deal to be successful in the examination that they might appear for in the near future.
