Place of visit/ details of Industrial Visit place (if applicable):	-
Event Coordinator	Prof. Devichandrika and Prof. Rani Ann James

We all know problem for water in India. Water supply in India is expected to fall 50% below demand by 2030.

World Water Day is celebrated every year on March 22. It was instituted in the year 1993 to build public awareness and involvement in protecting water resources around the world. Today, billions of people are still living without safe water their households, schools, workplaces, farms and factories struggling to survive and thrive.

Environmental damage, together with climate change, is driving the water related crises we see around the world. Floods, drought and water pollution are all made worse by degraded vegetation, soil, rivers and lakes. When we neglect our ecosystems, we make it harder to provide everyone with the clean water we need to survive and thrive.

The main motto of this awareness program is to convey the importance of water and the problems we are going to face in future. St. Francis De Sales College being environmentally conscious to take all the measurements to save water by creating awareness to the students.

CYCLE RALLY- FITNESS DRIVE FOR PUBLIC

SFS College has been conducting cycle rally for various cause from the time of establishment. Cycle rally conducted for numerous causes which includes awareness about varied contemporary events. A detailed report of the recent event is as followed.

As per the instructions given by battalion on 1 November 2020 under the guidance of our ANO Lt Sampath Kumar R the cycle ride was conducted as a part of Fit India Movement. The cycle ride started from our college (SFS COLLEGE HEBBAGODI) via APC Circle, Anekal, Chandapura and back to our college at Hebbagodi. The ride covered a distance of 35 Km and it took about 1 h hours. Our cadets actively participated in the ride and were appreciated by Home Guards in Chandapura circle.

The ride was found to be very useful and energizing. As this ride is also a part of Fit India Movement, it encouraged our cadets to take up fitness as part of life to become fit and healthier citizens. We would specially like to thank our CO Col H.R. Sunil, our AO Lt Col Regil Raj Abraham for giving us this wonderful opportunity and also ANO who took keen interest and initiative to conduct the cycle ride to cheer the spirit of fitness in our cadets. Last but not the least we would also like to thank our principal Rev. Fr. Roy and vice Principal Fr Jijo Jose for their support without which the cycle ride wouldn't be a successful one.

A FRANSALIAN INSTITUTE OF HIGHER LEARNING

Date: 10th August, 2019
Venue: Hebbagodi
Name of the Initiative: Tree Plantation
Issue addressed: Reduce Pollution
Conducted By: CSA, St. Francis De Sales College
Attended By: CSA Volunteers, Prof. Geetha P.S
Organized By: St. Francis De Sales College.
Number of Participants: 55

On 10th August 2019, the college in association with the Centre for Social Actions conducted a campaign based on Tree Plantation which was taken as a major initiative. The major goal was to reduce pollution and reduce deforestation as well. The initiative was started in the college by planting few trees and it was taken forward by the students near the Hebbagodi area. It was also an awareness even for the society.

Students used the following slogans to create awareness among the people:

- Don't be mean, keep the surroundings clean.
- Search for a solution to end pollution.
- Plant a tree, so that the next generation can breathe fresh air.
- Feel free to plant a tree.
- Plant trees for better tomorrow.
- No trees no future.
- Cut one, plant two.

The knowledge that is absolutely valuable and significant to be aware and conscious about the world around us. It is true that a good initiative will only attract positive energy. The students and teachers selected the empty places and the roadsides to plant saplings in a well-organised way. The saplings were supplied by the local municipality corporation. In order to restore the eco-balance of the afforestation drive was taken with all seriousness. Anyway, participants were highly enthusiastic to make it a big success. The students planted saplings, and fenced them and watered the plants. Every step of the programme was appreciated by the representatives of the administration and the local forest department officials. The programme created a great stir among the general public too.

Today we will be telling about something unique and innovative. We all talk about saving the environment and plant trees from reducing pollution and creating environmental awareness. But when it comes to applying the same thing in practical life most of us fail miserably. But planting a tree can millions of lives.

Trees make life nicer. It has been shown that spending time among trees and green spaces reduces the amount of stress that we carry around with us in our daily lives. Hospital patients have been shown to recover from surgery more quickly when their hospital room offered a view of trees. Children have been shown to retain more of the information taught in schools if they spend some of their time outdoors in green spaces. Trees are often planted as living memorials or reminders of loved ones or to commemorate significant events in our lives.
