## A Report on Seminar on Cycles of NAAC Accreditation

**Date:** 07 August 2018  
**Resource person:** Mr. Vinay Kumar, IQAC Coordinator, Christ Academy  
**Venue:** Auditorium

The IQAC has arranged for a seminar on "Cycles of NAAC" at St. Francis de Sales College, Bangalore on 07th August 2018. The Key Speaker was Mr. Vinay Kumar, IQAC Coordinator, Christ Academy, Bangalore. The seminar was attended by all the IQAC members along with the Principal and Vice Principal of the institution.

Mr. Vinay Kumar gave valuable inputs to the IQAC team regarding the cycles of NAAC accreditation. He informed that the new system of NAAC accreditation should be followed and AQAR should be filed on time. The revised version of the Criteria of Assessment has to be gone through for the betterment of grading of the college.

He advised to enhance the certificate courses which will help the students to have advanced knowledge on the subjects. He said, for every semester a certificate course can be added. He also insisted on having add-on courses which can be incorporated in the curriculum and Time Table. This will encourage students to have an interdisciplinary approach to their studies. He gave a lot of inputs regarding the same.

Academic calendar should have all the details of the academic happenings of the college, which will be a proof of events to the NAAC. The academic calendar should be a proof of the events happening in the college. The calendar should reflect all the events including seminar, conferences, FDPs, sports, games, activities of clubs and associations, external activities, exams to be conducted and so on.

Internal auditing should happen every semester and the dates of auditing should also be included in the academic calendar. The source of information to the NAAC will be from the academic calendar and the college magazine. He insisted on digitalization and centralization of the college system. He explained that IQAC is not about filing papers, rather it is the core

Committee, which should be included in all the affairs of the college and given the freedom to take decisions for the development of the college and for having a proper system in place.

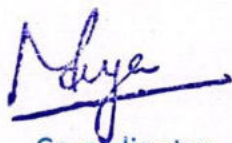

The college should now aim for autonomy and research publications should be given importance. A research center can also be established and the college should work on getting funding for the research projects. The library should be given more importance by procuring more books and conducting book exhibitions for the students. The IQAC should conduct more seminars and conferences for the benefit of the students.

The Alumni association has to be stronger. The curriculum has to be enriched and importance has to be given to innovative aspects in the teaching methodology. To build a gap between the industry and syllabus, stakeholders have to be involved and inputs have to be taken from them from time to time.

IQAC members can be divided on the criteria given by NAAC and work on the same taking responsibility. All the members of the college should be educated on NAAC and everyone should feel the responsibility of doing the job. External auditing can also take place before the NAAC visit. 12B and 2F certifications has to be procured by the college for NAAC funding and approval.

After the session there was an 'Interaction and Question' session, where the resource person answered and explained to the questions asked. After the interactive session was over, he had a small presentation to share, in which he had all the details of SSR. He showed how to fill it and what are the documents that will be needed to submit the SSR. He also explained how documents for each criterion has to be prepared and uploaded. He also shared the PPT with the participants.

The program was very fruitful to the NAAC committee at the college, as the college is speeding up for the second cycle of NAAC and Mr. Vinay Kumar's inputs were valuable at this juncture.
