REPORT ON SEMINAR ON APPLICATION OF NETWORK FOR RESEARCH IN DATA COMMUNICATION

Date: 29 & 30 January 2020

Venue: Auditorium

Conducted By: Department of Computer Science and IP and research cell

Organised By: St. Francis de Sales College, Electronic city, Bengaluru

As part of the Cyber Spirits association activity, a seminar is conducted by Dr. Ambika N, Assistant Professor, Department of Computer Application, SSMRV College, and Bangalore on 29th January from 9.00am to 3.30 pm in Auditorium to the Computer Science and applications students who are interested to do research in network related topics.

Dr. Ambika N - an eminent resource person in Network has given lecture. All the BCA and B.Sc students and all the faculty members of Computer Science and Applications attended the guest lecture.

Dr. Ambika - for day 2 to enlighten students on various **Network Applications** and how to publish in play store and how to develop product based and application oriented apps for various clients across.

Day 1:

Dr. Ambika N, In her lecture she discussed the technical guidance on future prospects in network development and present trends in Network and emphasized the importance of core network programming and designing. She also explained to the students what are the concepts that the present software companies are looking for and she has given a brief overview of the importance of client server technologies and how they can be used along with the network design.

www.sfscollege.in

She also has given an introduction about applications. She extended that she can give technical guidance to students who are interested in network and development. The open nature of the World Wide Web presents incredible opportunities for people who want to create websites or online applications. To take full advantage of the web's capabilities, you need to know how to use them. Explore the links below to learn more about various Networks.

Progressive web apps use modern web APIs along with traditional progressive enhancement strategy to create cross-platform web applications. These apps work everywhere and provide several features that give them the same user experience advantages as native apps. This set of docs and guides tell you all you need to know about PWAs.

Day 2

The first session of day 2 was continued Dr. Ambika from Product Specialist for Google Process at Regalix on 30th January at 9.00am to 11.30am in auditorium to the Computer Science and Applications students. Student were enlightened on basic CSS tools and HTML tags and how to design a basic web page was taught to them and importance of W3 groups was taught to them.

The second session of Day 2 Dr. Ambika from 12: 00 pm to 1:00 pm was to explore hands-on experience in Network related topics and its applications helped those who want to be a network developer.

Students were given a demo on how to develop apps for easy retrieval and how to publish the app with Google play store.

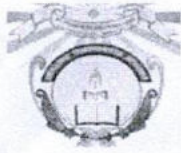

Workshop threw light on all latest Network and applications that are adopted across the world by the rapid growth of internet and technology. Students clarified the questions with the resource persons and enlightened on various trends.
