REPORT ON INDUSTRIAL VISIT

TO

KEYNES TECHNOLOGY INDIA PRIVATE LTD, MYSORE

St Francis De Sales College in association with Domino Christo Academy organized an industrial visit to KEYNES TECHNOLOGY INDIA PRIVATE LTD, MYSORE on 28th February 2019.

The domino Christo academy organized a one day industrial visit for the 1st year BBA students. The Visit was fruitful in every sense, both academically and entertainingly. All the students had assembled at around 6.15AM in the college campus and departure to Mysore was at 6.30AM. Breakfast was arranged in a Park in Ramanagara at 8.30AM. After having breakfast again the journey to Mysore was continued. The destination was reached at 11.30AM. The Guide helped all the students in knowing how the raw materials are collected from different places, how the quality of products are checked and how is it processed, how the packaging is done and the guide also showed all the students, the different products that are manufactured in the Industry. By 1.30PM, the visit was complete.

At around 1.45PM, we reached the Mysore palace. The museum of the palace exhibited the rise and fall of an empire and its existing heritage. At 2.15PM, Lunch was arranged outside the palace in

Atra resort. After having lunch, at 3.45PM the group returned to college.

REPORT ON UPSC COACHING

DATE:1/8/2018-27/9/2018

VENUE: SEMINAR HALL

PARTICIPANTS: Students interested for civil services from various classes who had applied for OCT, 2018 UPSC

The college in association with Domino Christo Academy arranged an extensive coaching for interested students who had registered for the year's civil services examinations. The coaching was conducted after regular college hours from 2.30-4.00 pm.

Around 30 students enrolled for the coaching. The academy also provided basic materials for the study. The classes were classified for all the three papers. Students took separate classes based on their field /selection of their subject for UPSC. Daily sessions were divided into two sessions.

The first session was a lecture which included a particular topic of discussion followed by a session where the student's workout problems taught during the lecture themselves. Every Friday the students had a mock test with the portions they studied till then. The results were analyzed and a review of the areas each student had to concentrate on was given.

The last two weeks of the coaching had students doing mock tests repeatedly. Since it was more like a capsule coaching within a short span, students were asked to repeatedly solve problem to give a better performance.
