### **ABOUT THE SEMINAR:**

National Education Policy 2020 lays emphasis on a multidisciplinary approach to education across the sciences, social sciences, arts, and humanities. Multidisciplinary education is the need of the hour as it promotes holistic education across disciplines and develops global citizens who are ready to take on the challenges of the global world. In this 21<sup>st</sup> century world, English Language is ubiquitous and also acts as the Lingua Franca of the world. Hence, there is an urgent need to think of a multidisciplinary approach to teach and learn English Language and literature.
