The objective of the Program:

- To raise awareness and educate people about the ill- effects of alcoholism and substance abuse on the individuals, family and the workplace and society at large.
- to raise awareness about the significance of treating individuals who use drugs with respect and empathy.
- It emphasizes the provision of evidence-based, voluntary services to all while offering alternatives to punishment.

The Department of Humanities (UG) Psychology organized an NGO visit to REDS Skill Training Centre, Bangalore for the students of second year BA and the BSc students on the 26th of July 2023. The NGO is managed by the Marianists Fathers. The NGO has around 15- 16 children who are around the ages from 3- 15 years. The children in the NGO belong to the family who lives in the slum areas in and around Bangalore and from various parts of India. The major reason why these children are made to stay in the NGO is majorly because they can get a basic education and the children can get basic training in the fields like tailoring, carpentering, electrical, etc.

The children are addicted to drugs such as alcohol, smoking and many more. Therefore, in order to control the consumption of these drugs, these children are made to stay in the NGO. The students of St Francis De Sales College showcased an awareness program of drug abuse and trafficking in the form of skit. The skit showcased the awareness and the importance of a counsellor who will help children and people who are addicted to the same. The students also had a lot of fun by playing with the children and doing a lot of activities. The students had a lot of learning experience.
