Place of visit/ details of Industrial visit place (if applicable):	Garuda polyflex foods pvt Ltd Jigni bomasandra Bangalore Karnataka.

Detailed report of the industrial visit [Garuda polyflex foods pvt Ltd]

Field visits are considered as one of the most effective methods of teaching. The main reason for this is that it allows students to experience and learn things practically through interaction with professionals, working methods, and employment practices. Moreover, it provides exposure from an academic point of view.

The main aim of an industrial visit is to provide students with an opportunity to gain exposure to practical working environments and to gain awareness about industrial practices. Through industrial visits, students can also learn about new technologies. We all know that building relationships with companies can help students secure good jobs in the future.

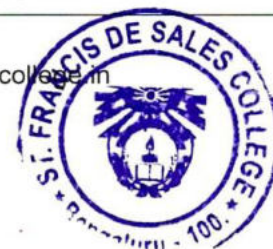

At ST.FRANCIS DE SALES COLLEGE, students have been assigned to take an field visit for experimental learning. They are encouraged to voluntarily visit any industry and find out the various cost elements in the industry to prepare a cost sheet and a report of the same. The students visited Garuda Polyflex Foods Pvt Ltd in Jigni, which is an industry all about the On Dec 13th, 2023, the Gonemad chocolate factory hosted a field visit for a group of students.

The factory manager, Angel Abraham, helped to guide the students through the various working processes that take place in Garuada Pvt. Ltd. This visit provided the students with an opportunity to gain knowledge regarding the different steps involved in creating products. The

experience was informative and crucial for the development of practical skills and understanding the activities of the industry.

During the visit, the students were able to learn about the different machines used in the manufacturing process, the accounting practices, and the research involved. They were able to observe how the factory produces Gonemad chocolate sticks, the quality and quantity used, and the number of sticks produced per day.

The students also witnessed the lively process of batter raffering, chocolate filling, packing, and dispatch. This field visit was a wonderful experience and helped the students gain insight into how industries operate in their respective fields. They hope to have more opportunities to visit other industries in the future.
