---	---

Detailed report of the visit

Field visits are considered one of the tactical methods of teaching. The main reason behind this is that it lets students know things practically through interaction, working methods and employment practices. Moreover, it. Gives exposure from an academic point of view. Field visits mainly aim to expose students to the practical working environment. They also provide students with an excellent opportunity to understand industrial practices fully. Through the field, students gain awareness of new technologies. We know building relationships with companies will always help to gain an excellent job in the future.

Students of ST. FRANCIS DE SALES COLLEGE is assigned to have a field visit for experiential learning and to encourage students voluntarily. The students were asked to visit any industry, find out the various cost elements, and prepare a cost sheet and a report. A group of 6 students had gone to Meenakshi Steel Traders, Hebbagodi.

The field visit allowed the students to see the various working processes in Meenakshi Steel Traders and gain some knowledge regarding various product parts. Hence, this visit ensures that students know how the industries work in their fields.

Outcome:

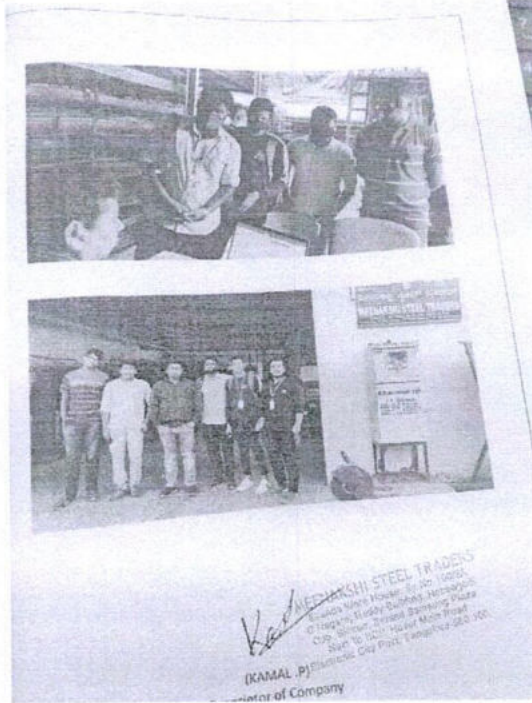

This field visit was an Informative event for all the students and was crucial for developing our practical skills and other industry activities. Students gained knowledge of the different types of machines used and the accounting practices and had an opportunity to research them. We would like to give our students more chances to have such an informative and wonderful experience visiting different industries.
