Report:

Menstruation is a natural and unavoidable part of the lives of women and girls. Accommodating the menstrual needs is a key issue for the human rights to safe drinking water and sanitation. The simplest action a person can take to end period stigma is to not take part in discussing it vaguely. By speaking about any topic openly, we help to remove the societal rule against discussing it. This can be done with friends and family, work colleagues, acquaintances, or on a broader scale. Awareness among young girls is very important. Awareness programs among primary and high school children is one among the many social activities organized by *SIEDS (Society for Informal Education and Development Studies)*. St Francis de Sales College initiated to be part of one such program. Outreach Program: Awareness on Menstrual Hygiene was organized on 18th June 2022. Students along with few faculty reached the venue. Dr Mamatha had trained students priorly about activities and content to be spoken about menstrual hygiene.

Students were divided into two groups. Two groups for two different schools. Along with SIEDS volunteers our students started speaking about the cause for the day. Rapport was built by students. Ice breaking activities were conducted as a start. They started introducing
