Report

The IQAC and Faculty Enrichment Committee organized a one-day workshop for the non-teaching staff on 18th March 2021 in the Auditorium on the topic "Organizational Behaviour".

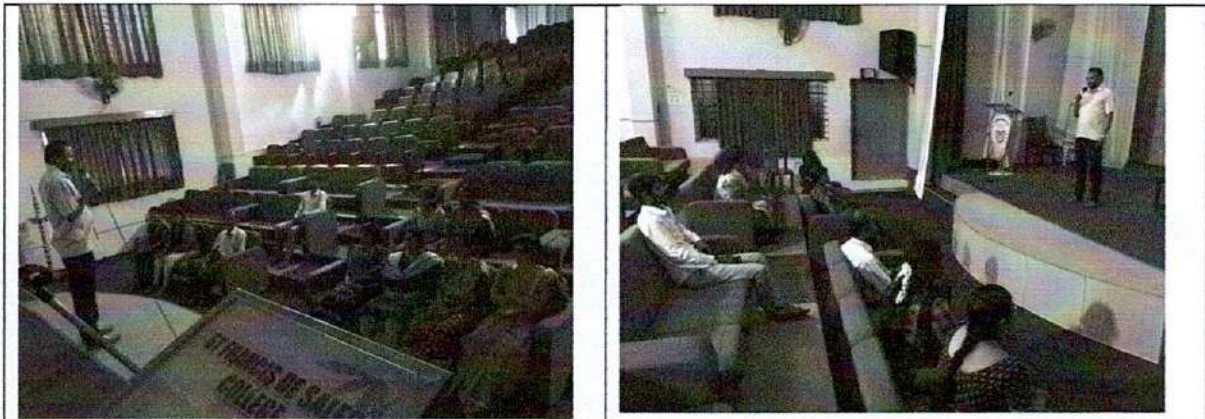

The resource person was Mr Sibi and he spoke on the importance of the people working in an

organization. He said the values and the system of the company will be carried forward by the people working in the organization. When an employer orients his employees on the organizational structure and their responsibilities, every employee will feel motivated and work towards the system's success. When this organization's behaviour is made clear to the employees, the organisation can see improvement in job performance, and job satisfaction, promote innovation, encourage leadership, encourage ethical behaviour and create a positive work environment.

He insisted to the audience that as people working for the administrative and academic offices, they should be more aware of the organizational structure. They play a crucial role in maintaining the morale of the institution. The speaker then gave a few models of organizational structure and discussed with the audience the structure of the college. He also gave some suggestions to improve the efficient working of the institution. The program ended with a vote of thanks proposed by Prof. Roshini, the Coordinator of the Faculty Enrichment Committee.
