Arts degrees are focused on increasing a student's knowledge and critical thinking in accordance to the syllabus and curriculum prescribed by the affiliating university. These courses aim to prepare students with sound knowledge and skills to connect across geographical, disciplinary, social and cultural boundaries, understand the importance of ethical behaviour and lifelong learning habits.

Courses under science streams introduce a wide range of topics to students, develop reasoning through unfamiliar problems through critical and analytical thinking and to find a systematic approach in analysing solving problems through teamwork with importance to safe laboratory practise. Bachelor of Commerce requires three years of full time study consisting of six semesters. This course aims to provide students with knowledge, tools of analysis and skills to understand and participate in the modern business and economic world.

Expected Program Outcome:

- 1) Thorough knowledge about fundamentals of Commerce
- 2) Practical exposure that would equip the student to face the modern day challenges in Commerce and Business.
- 3) Job Oriented skills which ensure that the students are fit for every challenging situation
- 4) Skills for a Financial Accounting career applying both quantitative and qualitative knowledge.

Expected Course Outcome:

- 1) First-hand knowledge about general aspects of Financial Accounting
- 2) Skills to ascertain the results in terms of profit/loss and financial position to reveal the financial status and to provide necessary financial information.
- 3) Proficiency to apply what they have learned in class to the diverse business situations they may face in workplace.
