Objectives of the Program:

- Motivates the students to take a strong decision whatever problem arises in future
- Induces to be strong in mentally

Mrs...Lathika, counsellor from St.Francis de Sales College has taken a session for first year students under the title the “The Power of Decision Making”.

We make decisions at every instant of every day. Sometimes these choices are little and unimportant, and other times they have a profound impact on our lives. But in the end, the decisions you make and the actions you do are largely what determine how your day, your year, and your entire life turn out.

one of the easiest methods to minimise choice paralysis is to make decisions promptly. In fact, the capacity to act swiftly is a key factor in the success of many of the world's most successful inventors and leaders.

Making decisions fast eliminates uncertainty, worry, and confusion. Making a quick decision allows you to start working on implementing that decision right away, rather than wasting time worrying about all the alternatives and trying to exhaustively analyse every conceivable consequence.

Output of the Program:

- Students gathered knowledge how to face their problems in their life.
- Students learned mentally if they are strong easily they can achieve their ambitions.
