REPORT:

The session was conducted by the ASPIRE Cell, St. Francis De Sales College. The agenda of the session was to help students understand the emerging areas in which Process design and development are growing. As the current batch of students belongs to Gen-Z, the session was an effort to help them understand how the design and develop the product. The session started at 12:30 PM in Room No UG 405. The speaker of the event was Dr. Thanapackiam, Asst. Professor, Dept. of Commerce, PG, St. Francis De Sales College. The session began with a welcome speech followed by a small introduction to the significance of product development for Gen Z entrepreneurs. The resource person then took over and explained the importance and meaning of product. The speaker then moved on to explaining the terminologies used for the different generations and she mentioned that people born from the year 1997 are considered to be Gen Z.

The speaker then threw light on the significance of product development. Product design as a verb is to create a new product to be sold by a business to its customers. The speaker then emphasized the elements of product design.

The speaker also spoke and mentioned similar brands that fall in the category of product design and development like Oreo, Zippo, Jewelry etc.

Learning Outcome:

Product Design trains students to use their creativity, design thinking, and design process to bring new ideas, products, experiences, and value to companies, communities, and people. The session also talks about the product development strategy which provides a framework for creating new products or improving the performance, cost, or quality of existing products.
