Objective:

The main objective of the session was to give an understanding of the NEP 2020 and how to incorporate Research and Innovation for the betterment of the students curriculum.

Introduction:

The objective of the National Education Policy 2020 is to Revamp the higher education system, create world class institutions across the country – increase Gross Enrolment Ratio to at least 50% by 2035. A new vision and architecture for higher education has been envisaged with large, well- resourced, vibrant multidisciplinary institutions. The policy has a multi-disciplinary, value-based approach focusing on holistic education along with life-skills with special emphasis

on skill development to improve high employability rate among our students. The policy will help to transform the education sector in the country as it focuses on making education accessible, equitable and inclusive only if implemented at all levels.

MoEs' Innovation Cell and AICTE organized the National Webinar on Research, Innovation, and Ranking on 11th August 10:30 am as part of the one-year celebration of National Education Policy 2020 (NEP 2020). Dr. Rajkumar Ranjan Singh, Hon'ble Minister of State for Education and External Affairs, Govt. of India was the Chief Guest for the program. Prof. K. Vijay Raghavan, Principal Scientific Advisor, Govt. of India was the Guest of Honor. The programme was conducted via YouTube live streaming.

NEP gives a special focus to the National Research Foundation because innovation is one of the most important parts for a country to progress. Only when research and innovation are strong enough, will we be able to progress in this competitive world. The speaker gave an overview about Intellectual Property Rights with special reference to publication exploration work which is applicable in the scholastic field. He gave some pragmatic instances of how property rights have been obtained to serve the patent proprietors. He likewise featured how employees can profit monetarily from their work by asserting eminence from the distributor. He, undoubtedly, gave an extremely comprehensive outline of Intellectual Property Rights in an exceptionally basic and clear way. It was an informative session and participants benefited out of it by gaining knowledge about IP.

The session was really helpful for the students as they became aware of the benefits of obtaining Intellectual Property Rights. His speech inspired the students to undertake research activities and take the path of innovation and invention.
