OBJECTIVE : Environmental day celebration is a part for students to increase their understanding and helps the process of saving the trees and for the future. An Environmental day celebration was organized by the Desalite's Nature Club. There were many competitions and stalls by the students which made all the other faculties and students to get realized about the environment. Students were requested to participate in all the activity that was held by the nature club students gave awareness to the peoples about the road safety as How the people react when they see the ambulance, they should not use the mobile while crossing the road, they should not attend call while driving, they should wear helmet while they are driving the two-wheelers and they should wear seat belt while driving the four-wheelers.

There was a huge response from the students where the competition were held and the actively participation was done. There was many competitions like pick and speech, identification of the trees which is shown, and the small speech by students about the environment. Those who all participated in the events held was appreciated by giving chocolate. Fathers were also spoken about the environment where the students got little more information by the fathers. After this activity the plantation of trees were done in our college for environmental day celebration.

After the plantation of the trees, there was an WOW company auditor Manasi Mishra, who had an interactive session with all the students on solid waste management. Later on we went for the school visit .we were 30students together who visited the school. The school name was vapsandra government school. We took some plants to plant there in school, we took some charts to give them and we explained about the environmental day. Where the school children gained little more knowledge about the environment. The school students also spoke about the environmental in both Kannada and English.

The event was organized and coordinated by the Desalite's Nature Club members under the guidance of Prof, Dhanujakshi.A Department of Commerce & Prof, Pandikani.M. Overall participation was good.
