scope of doing higher education in the field of Mathematics. They also explained the various opportunities and fields which students can opt after completion of their Masters in Mathematics, students got an idea that after M.Sc there are also various other fields available other than teaching. Faculty members also spoke about the various competitive exams that students could write, they also gave them an idea about the job openings available in the government sector and the procedures that they need to follow to get into the government field.

The Career Guidance session was very informative, students came to know about the various openings and opportunities that are available. It was an interactive session students asked many questions and cleared their doubts.

The session concluded by 11.00am.

The outcome of the program:

Students came to know about the various openings and opportunities that are available. It was an interactive session students asked many questions and cleared their doubts.
