<b>Number of Participants</b>	<b>40</b>
<b>Target Audience</b>	<b>IV Sem BCA(70)</b>
<b>Event Coordinator</b>	<b>Dr. S. Sivagami</b>

**The objective of the Program:** The main objective of this activity is that students can know about different cultures in India especially south Indian cultures.

A group of people who share a similar culture (beliefs, values, and behaviours), language, religion, ancestry, or another characteristic that is often handed down from one generation to the next. They may come from the same country or live together in the same area is called ethnic. It's a day designated for all to come in traditional attire from their home state, or specific culture of their choice. Everyone in the class came dressed in their best ethnic attire. In this activity students are framed into different groups based on their costumes and the students are asked to come forward to tell about their group(the dress match with the corresponding state). The students from each group tell about what is the main costume in their place, their traditional food, dance, the sports which are most popular in their places and how to play that sports and tell this thing in their own language. The students are framed into 5 groups, each group came forward and start telling about their costumes which state it belongs to and what are all the culture and heritage in their place. The activity was so much fun and the students could learn about different culture and heritage on that day.
