## REPORT ON TREE PLANTATION- AN AWARENESS TO PROTECT ENVIRONMENT

**Date:** 9 JULY 2019

**Venue:** St. Francis de Sales College

**Conducted by:** NCC Unit

**Organized:** 1 Karnataka Battalion NCC and NCC Unit of St. Francis de Sales College.

On 9 JULY 2019 The NCC Unit of SFS College had conducted a Tree plantation program where. 95 NCC cadets along with ANO Lt.SAMPATH KUMAR.R actively participated and were a part of this major initiative. This activity had students planting 25 saplings in the college campus which was provided by the 1 Karnataka battalion, NCC. The act of planting trees raised the awareness of the vital role it plays in the environmental development. There was a discussion and initiative to make our surroundings greener. Planting a tree is a lifelong investment. How well this investment grows depends on the type of tree selected and the planting location, the care provided during planting, and the follow-up care after planting. Getting your new tree off to a healthy start will help the tree mature to its full size and ensures it will provide environmental, economic, and social benefits throughout its lifetime.

The initiative implemented alongside environmental education and awareness, to promote environmental stewardship, encouraging a sense of responsibility of the planted trees. This special action indicated a lasting tradition of promoting tree plantation in the projects in cooperation with local communities, government forest offices, and government and state run educational institutes. here are various reasons behind tree plantation but the most important are forestry, land reclamation, and landscaping. Each process of tree plantation is important and unique in its own way. Every tree makes a difference in the environment and it will help the people at large.

This activity was assisted by LT Sampath Kumar.R and PI Staff NCO Yoganand. As part of the programme, each of the cadets was issued one sapling and they successfully planted the same in the place provided. This promoted the idea of planting and saving trees for a better

society. Students identified the aim of having this activity and shared the responsibility of promoting a better environment. People who are not aware of the importance and values of planting trees are given an opportunity to realize and do the needful. The need to save the environment is emphasised and people are made aware of the situation and the need to have an ecological balance.

The students were given an introduction on how as students they can play a vital role in saving the environment. Most of these areas lack trees and plants. Besides, tree plantation makes these areas worth living for. Also, it makes the atmosphere of the city more tolerable. In addition, it renders a good feeling and makes the place worth living. It is the easiest way to beautify the surrounding. Trees are often planted on the parks, gardens, roadside, societies, and garden of our home for the purpose of reforming.

The college encouraged every individual to frame the idea of protecting trees and realize the importance of growing more in number. Besides, it does not only make the surrounding beautiful but also provides various other benefits and helps in beating the heat. The time has come for us to realize the importance of tree plantation. Also, it is our duty to contribute to tree plantation as it is the need of the hour. This change was long overdue and it creates a platform for a fresh and frank debate which needs to be constructive for both, forests and people.

In order to sensitize students towards the need to preserve our environment and ecology, tree plantation drives are organised and this initiative witnessed good response. This also encouraged the students to continue this work even in the future. This also motivated others who were not a part of this event this time. Perhaps they will in the next time.

NCC Cadets from St.Francis De Sales College would like to thank the Commanding Officer of 1 Karnataka Battalion NCC, Adam Officer, PI Staffs, The Principal, Vice Principal, management & ANO Lt.Sampath Kumar.R for their constant support, guidance and encouragement.
