Permanently Affiliated to Bangalore University | Electronics City, Bengaluru - 100

Accredited with NAAC "A" Grade || Recognised under 2(f) & 12(b) of the UGC Act  
A FRANSALIAN INSTITUTE OF HIGHER LEARNING

**Date:** 10<sup>th</sup> August, 2019  
**Venue:** Hebbagodi  
**Name of the Initiative:** Tree Plantation  
**Issue addressed:** Reduce Pollution  
**Conducted By:** CSA, St. Francis De Sales College  
**Attended By:** CSA Volunteers, Prof. Geetha P.S  
**Organized By:** St. Francis De Sales College.  
**Number of Participants:** 55

On 10<sup>th</sup> August 2019, the college in association with the Centre for Social Actions conducted a campaign based on Tree Plantation which was taken as a major initiative. The major goal was to reduce pollution and reduce deforestation as well. The initiative was started in the college by planting few trees and it was taken forward by the students near the Hebbagodi area. It was also an awareness even for the society.

Students used the following slogans to create awareness among the people:

- Don't be mean, keep the surroundings clean.
- Search for a solution to end pollution.
- Plant a tree, so that the next generation can breathe fresh air.
- Feel free to plant a tree.
- Plant trees for better tomorrow.
- No trees no future.
- Cut one, plant two.

The knowledge that is absolutely valuable and significant to be aware and conscious about the world around us. It is true that a good initiative will only attract positive energy. The students and teachers selected the empty places and the roadsides to plant saplings in a well-organised way. The saplings were supplied by the local municipality corporation. In order to restore the eco-balance of the afforestation drive was taken with all seriousness. Anyway, participants were highly enthusiastic to make it a big success. The students planted saplings, and fenced them and watered the plants. Every step of the programme was appreciated by the representatives of the administration and the local forest department officials. The programme created a great stir among the general public too.

Today we will be telling about something unique and innovative. We all talk about saving the environment and plant trees from reducing pollution and creating environmental awareness. But when it comes to applying the same thing in practical life most of us fail miserably. But planting a tree can millions of lives.

Trees make life nicer. It has been shown that spending time among trees and green spaces reduces the amount of stress that we carry around with us in our daily lives. Hospital patients have been shown to recover from surgery more quickly when their hospital room offered a view of trees. Children have been shown to retain more of the information taught in schools if they spend some of their time outdoors in green spaces. Trees are often planted as living memorials or reminders of loved ones or to commemorate significant events in our lives.
