WORLD WATER DAY PROGRAM REPORT

On 22nd March 2019 50 NCC Cadets of SFS COLLEGE along with ANO LT.SAMPATH KUMAR.R gathered together in SFS COLLEGE to celebrate world water day 2019 and conducted many activities of water conservation for the students of SFS COLLEGE.

It is a mean of focusing attention of the important of fresh water and advocating for the sustainable management of water resources with a theme of "Leaving No One Behind".

The Program started at 9:00am which included awareness campaigning program in school & college's organization of seminar, lectures, and theme based painting / drawing and campaigning in public.

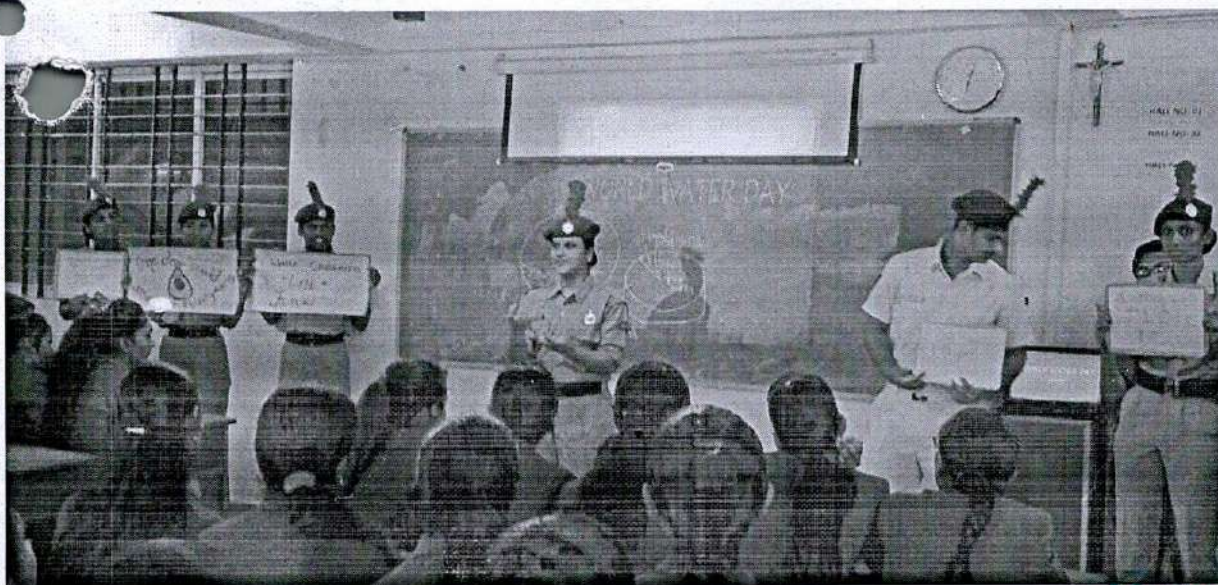

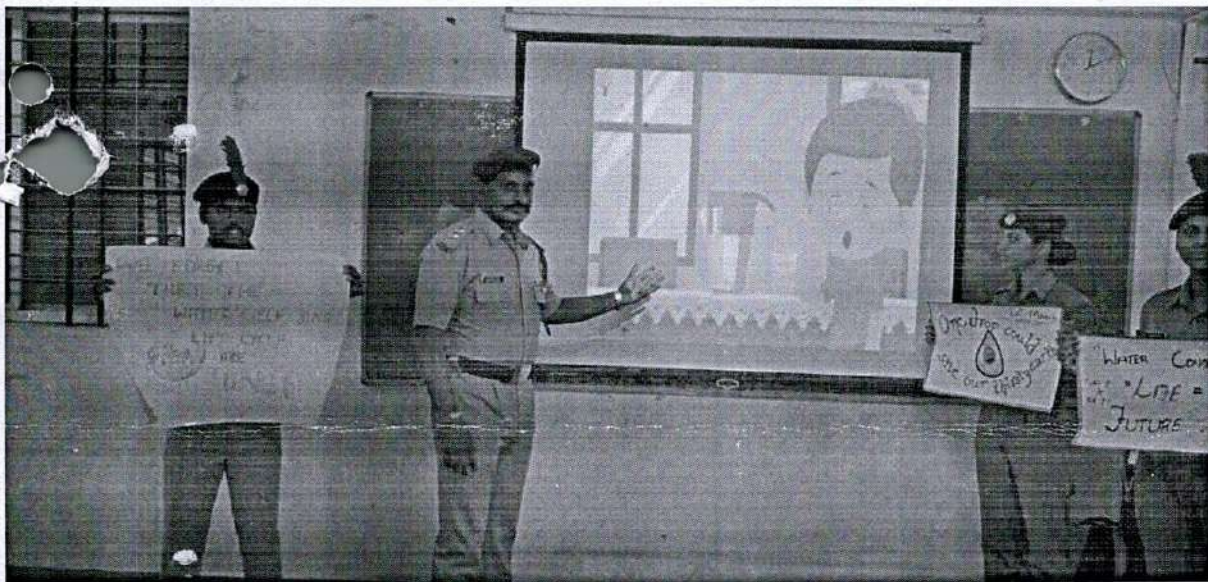

This activity was conducted to aware the students in the campus about the means and ways of water conservation. Fresh, clean water is a limited resource while most of the planet is covered with water it is salt water that can only be consumed by humans and others species after getting desalinated which is an expensive process. Occurrences of droughts further limit the access of clean and fresh water, meaning, we as NCC cadets need to take steps to reduce water use and save the water as much as possible. Conserving water now allows all cities regions to plan for more efficient use of water resources in the future.

We would like to thank our commanding officer our principal for giving this opportunity to organize such a wonderful event and make this event a successful one.

Lt. Sampath Kumar .R
Associate NCC officer
