25<sup>th</sup> July 2022, Monday conducted the educational trip, Thalakadu for the BA students. It is an attractive trip for the historical places to know about the Temple. Thalakadu known as Dalavanapura & Gajaranya in Sanskrit. It was the capital of the Gangas, who ruled present Mysore, Mnadya, Hassan, Bangalore &

Kolar from the 4<sup>th</sup> century. The Vaidyesvara temple & Panchlingeshwara temples are complex with Ganga, Chola & Hoysala stylistic features is datable between circa 10<sup>th</sup> & 14<sup>th</sup> Century A.D. The temple on plan has a garbhagriha, an antarala, an arhamandapa & pillered mahamandapa with an entrance porch.

Architecture design is based on the theme of sustaining humanities. Place and time. The design proposed will address the social needs of a part in urban place and people interaction and connection of people. The south Indian style of temple architecture is very distinct from that of the rest of India.

South Indian architectural temples consist of a square chambered sanctuary by a superstructure, tower, attached pillared hall, mandapa, enclosed by a peristyle of cells within a rectangular court. Due to all these important features, architectural temples are the most important tourist place in India. Therefore, governments' sources of income increased from the tourist places.
