

Report on Industrial Visit

Title	Industrial Visit
Date of Event	25/05/2022
Department	Department of science
Venue	Carl Zeiss Bangalore- Production Site
Number of Participants	48 Final year students and three faculty members
Target Audience	Students and Faculty, Department of Science
Event Coordinator	Prof. Rashmi Coordinator, Department of science

The Department of Science, St Francis de Sales College organized Industrial Visit to Carl Zeiss Bangalore- Production Site on 25th of May 2022.

Carl Zeiss, a global leader in the optical and opto electronics industry. They are in to the manufacturing of Astronomical instruments, camera and optical lenses, industrial metrology, ophthalmic products, optical systems, spectral sensor systems and surgical products

BSc students of Physics and Electronics were visited the manufacturing industry. They explain in detail about the manufacturing process of lenses. For physics students it was useful to understand the subject optics in details. For Electronics students it was useful to understand the instrumentation Electronics in detail.

Mr. Sudharshan the team manager arranged the industrial visit as a collaborative program between Department of Science and Ziess.

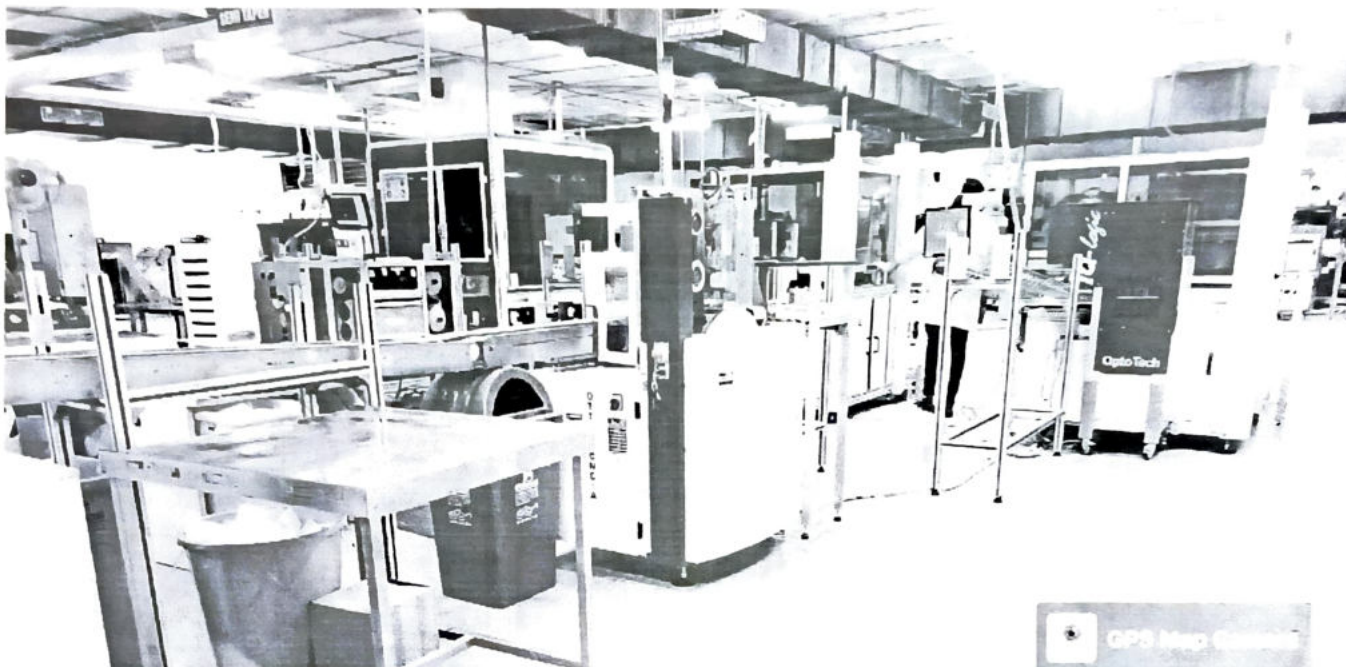

Ms. Sai Krishna, the admin officer guided to the production unit. Mr. Hari Prasad, the Head of the production unit spent time with students to elaborate about the process and attended their queries. Mr. Pramod and Mr. Chandrashekhar Patil explained in detail about each unit. The team agreed to provide internship program for our students.

They showed how lenses are made with outmost care and precision. A few robots are also employed to do certain repetitive minor operations. ZEISS which once started with manufacturing microscopes, is now an internationally leading technology enterprise

operating in the field of optics and optoelectronics. From making vision care lens to lens for your camera, from making microscopes to optical and multi-sensor systems, every machine is handled with precision and delicacy.

Outcome

Students were able to connect optics and opto electronics and instrumentation in reality.
