REPORT ON INDUSTRIAL VISIT

Title	INDUSTRIAL VISIT- SAI SAI TANISH APPARELS
Date of Event	25 TH February 2022
Department	M.com-PG
Venue	SAI TANISH APPARELS
Number of Participants	29
Target Audience	PG STUDENTS (FIRST SEM)

Place of visit/ details of Industrial visit place (if applicable):	SAI TANISH APPARELS
Faculty in charge	Dr. Thanapackiam, Prof. Siny Philip

Objective: The main objective behind the visit was to make the students aware about the various activities related to functioning of a garment unit followed by the production of denims.

Introduction:

The Department of Commerce -PG had organised a visit to Sai Tanish Apparels on 9th September 2022 for the students of M.com Ist semester. The main objective behind the visit was to make the students aware about the various activities related to functioning of a garment unit followed by the production of denims. As soon as the students reached Sai Tanish Apparels, students were taken to the conference hall to interact with the MD. Mr. Shankar later they were sent to explore the different sections of the garment industry. They were guided by Mr. Michael, Manager who briefed the students about the various steps involved in the manufacturing of garments, starting from the acquisition of denim fabric.

Electronics City P.O., Bengaluru - 560 100

Tel.: 080-27836065 / 27834611, Fax: 080-27832299, Email: principal@sfscollege.in
www.sfscollege.in

The Sai Tanish Apparels basically deals with all types of jeans and is involved in production of jeans for major brands like Alen Solly, US Polo, American Bull etc.

The students were introduced to various sections related to garment industry like:

1). Store section- All the fabric has been stored and maintained through quality control measures.

2) Pattern making & Drafting section- Work was divided into sections and both methods manually as well as computerized were followed. For manual, the pattern master constructs the patterns where as for the computerized through software CAD was used to construct the pattern.

4). Cutting section- In this section all the paper drafting are being traced on the fabric and then cut through the cutting machine, which cut the number of fabric layers at a time.

5). Stitching & Finishing section- Under this all the elements of the garments were stitched and finished according to the given design. The fasteners section of the industry had variety of laces and braids which they use in garment embellishments.

Outcome of the activity:

It was a beneficial visit for the students as they interacted with the workers and gained practical knowledge about garment production right from the fabric to finished product.

Dear sir

Sub: Permission for Industrial Visit on 9/06/2022

As a part of the curriculum, the students are required to undertake Industrial Visits .We feel it will be fruitful that the students' academic background has a glimpse of the industry in order to have a better appreciation of practical applications of theory.

We would like to bring a batch of about thirty students of the Post Graduate Commerce branch of Final years accompanied by two staff members to visit your esteemed industry on 9th June 2022.

I request you to Kindly permit for the visit and arrange for guiding the students. We assure you that our students will observe the rules and regulations that are prescribed by your company for the visitors and we will assure that, in no way, we disturb the normal functioning of the company during the visit.

We shall be grateful for a favourable response.

Thank You.

Letter of Appreciation

May 09, 2022

To,
Sai Tanish Apparels,
Hebbagodi,
Bangalore.

We, the Management of St. Francis de Sales College - PG Center appreciate and thank you for your kind gesture in allowing our Post-graduate students for an Industrial Visit at your Organization. We are grateful for this visit that has enabled our students to understand the process of Experiential Learning.

We are indeed privileged and look forward for future support and collaborations.

Sub: Seeking permission for industrial Visit- on 12^h October 2021

Respected Sir,

We, St. Francis De Sales College, Bangalore imparting education from past 17 years and engaged in community development. We are interested to take our Post Graduate Commerce students 35 students +2 faculty members to your esteemed organization for an experiential learning as a part of academics.

We ensure that COVID-19 protocols prevailing in your organization will be followed. We request your good self to consider our proposal and permit us to visit on 12th October 2021. Anticipating for your favorable rely.

Thanking you.

Report on Industrial Visit

Date	:	10/11/2021
Place	:	Yelahanka
Conducted By	:	PG- COMMERCE St. Francis De Sales College
Organized By	:	Dr. Thanapackiam
Target Audience	:	37

Introduction:

Industrial Visit has its own importance in the career of the students who is pursuing Commerce degree. It has been carried as a part of the college curriculum. It is an essential part of the academic activity for most of post graduate students.

Objectives:

1. To be part in interactive learning
2. To contribute lot to the holistic development of the students.
3. To provide insights to internal working of the companies.
4. To get practical perspective of theoretical concepts.
5. To bridge the gap between theoretical leaning and practical exposure.
6. Intend to go beyond the class room learning.
7. To identify different operation process performed at the workplace.
8. To have practical knowledge on future scenario of industry.

On November 10TH 2021, 37 students from St Francis De Sales College, along with three faculty members visited Metro Book Binding factory and Decathlon, Hennur branch.

Profile of Industries

Metro Book Binding Factory:

This Book binding factory will come under the broad category of Small & medium Enterprises. (SMEs). These firms are non-subsidiary, independent firms which employ fewer than the given number of employees. They have the employee limit to 200 and run their operation with simple machine tools and with maximum labor efforts.

Decathlon, Hennur branch.

Decathlon is one of the leading retail industries for sports goods. This concern comes under retail stores. Indian retail industry has emerged as one of the most dynamic and fast paced industries due to the entry of several new players. It accounts for over 10% of the country's gross domestic product and around eight percentage of the employment. India is the world's fifth -largest global destination in the retail space.

We left campus and arrived at the book factory at 10:45 a.m. We decided to travel in a comfortable bus with students, three professors, and a member of the e-STORES team to assist us. College had offered the conveyance facility.

We started by visiting the metro book binding factory, where students taken in 2 batches to the industry. They have been given insights on the working of the process and operations of the industry. The senior operations manager Assists through out the visit and he explained in detail about the each and every process. Raw material conversion process, assembling and finished product operations were demonstrated. Students were actively taken notes about various things had been explained. Students allowed to take photos inside the manufacturing units.

We were gathered and sent to the production unit. We had a peek at the stack of paper that had been loaded into the machines and was being printed with margin lines on plain paper. The paper was in the printing process. Machines circulated throughout the unit, printing, and then obtaining the book's margin. We were given a detailed perspective by the production manager on floor after spending some time in the room. It was fascinating to learn that the machine prints 28,000 meter of paper per load. On the way back, we were taken to Decathlon sports retail stores in Hennur.

Decathlon Unit

At 2:00 p.m., we arrived at the Decathlon plant. We were initially brought to the aisle and assembled. They created a tale for us that educated us about the complete store, including the loads and retail outlet, as well as how it has become one of India's biggest sports companies, and many other details. They also explained the work process to us. Decathlon today has a large number of locations, and their sports are available in all of them. Following the presentation, we were given access to the real retail plant floor, which contained sports-related merchandise in each aisle.

They gave good insights on various commercial strategies and promotional ideas to develop the retail stores. Students are asked queries and able to get detail explanation. They were taken in to entire store room enough time was allotted them to go round. They spend useful time inside the show room.

Learning Outcome:

The aim of the industrial Visit is "Education-Exposure-Experience". It brings clarity to the important management concepts and practical experience / real life environment. Opportunity for the students to ask questions related to their area of interest. Industrial Visit has designated to improve their critical thinking.
