Resource Person(s) with qualification	Dr. Noor Nigar
Books (if published)	-

#### Report:

A Group Discussion Session was held for IV Semester BCA and B.COM students on 09.08.2021 and 10.8.2021 respectively. Before conducting the activity, a session on how to effectively participate in Group Discussion was held for the students. The session started with a positive note on the importance of a group discussion and the way to participate in it. The techniques and art to crack a group discussion was shared with the students. The students were informed that in order to make it to the final round of the interview; it is the Group Discussion that will pave the way for it.

The important things that the students need to keep in mind while participating in a GD was informed to the students. After that, the students were divided into groups of 8 students and asked to participate in Group Discussion. All the groups were given a relevant topic to discuss. This helped the students not only to note the points to be considered while participating in a group discussion but also to watch out for all the minute things which the teacher observed. The feedback of each team was initially given by the students and later on the teacher gave her views. This made the students analyse the situation from both the angles.

The key points which were asserted to keep in mind for every group discussion are as follows:-

1. Body language
2. Confidence
3. Listening skills
4. Audibility
5. Making the most of opportunities
6. Think like a leader

7. Where to look
8. How to conclude
9. Effective Communication

The students participated enthusiastically. They were very excited to indulge in discussions on current topics. Through this activity, the students gained confidence and motivation. It also improved their communication skills.
