The Department of Computer Applications Celebrated International Data Privacy Day on 28th, Jan, 2022, to promote "Awareness on Data Protection", The purpose of Data Privacy Day is to raise awareness and promote privacy and data protection best practices. Data Privacy Day's educational initiative originally focused on raising awareness among students as well as users about the importance of protecting the privacy of their personal information online, particularly in the context of social networking. The educational focus has expanded over the years to includes families and the social forum. In addition to its educational initiative, Data Privacy Day promotes events and activities that stimulate the development of technology tools that promote individual control over personally identifiable information; encourage compliance with privacy laws and regulations; and create dialogues among stakeholders interested in advancing data protection and privacy. The international celebration offers many opportunities for collaboration among governments, industry, academia, non-profits, privacy professionals and educators.
