Ms. NAYANA
PROJECT COORDINATOR
Dept. Of BCA
SFS DEGREE COLLEGE
Bangalore.

Sir,

Subject: Proposal for Final Year Academic Projects execution cum Training.

As discussed I am proposing the forwarding proposal for Final Year Academic projects cum Training program that needs to be delivered by us ATS global Bangalore. The following points as listed below will be conducted by us, and the same points will be mentioned even in MOU.

Key Points:

Training Students on Technology (JAVA with
JDBC/SERVLET/JSP/HTML/MYSQL/CSS/
JQUERY/XML.

The Sessions will be delivered at your campus.

The total duration for training sessions would be 15 hours.

The training would be a support to the candidates
to help them execute the final year projects on
JAVA/J2EE.

The projects are categorized in 2 various categories. Web based / Inputs or ideas from students (only those which are approved by our technical team).

The project selection solely depends on the choice of individual student. The students have to mandatorily select projects provided from the list of ATS Global.

The Sr. trainer and the management representative from ATS will visit the college take the report of all the proceedings.

ATS will provide certificates to the students who complete their training and project with us.

Advantages for Students:

The Entire Program will be conducted at Online.

We would bring in our corporate experience, which will make the students work more practically on the subject. And this will enhance the skills of the students to do the projects with much more understanding.

The pricing of the program is very reasonable. We at ATS believe that education services must be less profitable with maximum inputs to be given to students.

Each candidate will be given a certificate on our company's letterhead. This will give the candidate a confidence boost, as he would be doing the project in a company not in an institute.

We would try making the fundamentals of the subject strong through our Training. As we do have assessments given to these candidates after completion of each module of Training, it will gauge the performance of the individual. Depending on these score we can customized further course of the program.

This will increase the weight age of the resume, so this will highly increase the possibility of getting placed.

Financials Involved:

Total Fees for the Training/Project Execution per
3000/-Rs per Student
(Rs. 2500 for the Company and Rs. 500 for the College) All
