Kindly provide your feedback on today's Alumni Session

46 responses

What are your suggestions to enhance the Alumni-College rapport?

46 responses

NA

Good

Conduct alumni meet frequently

I suggest for offline meet up

Please plan a alumni meet soon

It was good session

It would be good to enhance the alumni college rapport

There should be a unit that could attend to international students matters without going to the admin office

Also create a good link to access documents and certificates from the college.

Everything is perfect

good enhancement

everything was essential

Looking forward for Offline Alumni (in the college)

staying in touch every year in various occasions

If it was in offline it would be great

More fun interactive activities can be organized

Don't have an idea

Lack of increased alumni engagement has to be taken care of

Providing placement opportunities in college

Through meeting

Encourage students

Providing placement opportunities in college

U would have invited us to college

Request for the Research centre

Continuous session needed

More meeting

Face to face Alumni meet

having a visual meet thrice a year

Frequent activities to build good rapport

It's good

College should stay in contact..

No words

conduct a meeting or Function

Good

In the future offline would be better

Get together

It was interactive session

Builds a strong connection between current students and passed out students it will help each other

.....

Teachers are friendly but sometimes little rude . That's it .. little partiality in btw students

Real time projects, real time application of computer and how it is implemented

Competitive success, and Language

Encourage students

Reunion virtual meeting

Measuring the performance of students.

Still more improving the teaching methods.

everything good

should be more innovative like foreign universities

- * Guess lecturing (about different topic around corporate world)
- * Excel and other essential knowledge
- * Seminar tips and presentation guidelines.

making studies more practical, making students present or do a work shop outside of college

so that they can improve themselves and overcome stage fear, supporting their dream.

1. The quality of education is good

Arrange cricket team for girls

Improve the placement opportunities

Friendly nature

Certificate course

Swayam course

Guest lecturer

Improved for outdoor education interview session

Swayam course

Guest lecturer

Sports

Students exposure towards higher studies and practical exposure

Practical sessions

More internship

Webinars, conferences, Seminars

Internship, job opportunity

IV

giving more practical knowledge in each field, making them take up workshop outside the college so that they can overcome any challenges, making sure students get hands-on experiences for example internship.

Practical and field work should be involved

Some more sport activities

Conducting internships... educational trip..

Good

Equal opportunity

1. excellent

2. The best ...becoz I got placed through college in South indian bank ...im grateful for that

Course was good, Still more companies should come

Both are good

It was an excellent experience and opportunity to study in SFS College, having all BA lecturers around who have been supportive.

Placement opportunities should be open to African students also.

Good communication link should be made b/w students and administrators.

The courses offered are really good.

Regarding placement it would be better still more reputed company steps into college

good

BCA

BSC

BA

Should have better placement oppportunities

Should give better teaching in each and every subjects

1. Good and Appreciable.

2. providing good number of companies can

be a lot improvement for placement
department.

the courses are all perfect

2 placement opportunities needs improvisation.

1 Very good

2.Placement opportunities needs more attention(Collaboration with companies would
definitely help)

Courses is too good

Placement opportunities are horrible

All good 👍

Skill course

Nothing to inform

It's going good

MBA

Nothing to inform

No proper placement

Its fine and should provide more placement offers

Add more course, improvement is required

Placement opportunities for psychology

excellent

I loved the courses offered

I never tried placement

M.com

Very good placement

The placement opportunities

Good companies but most of the companies which coming for campus placements look for low salaried employees (students) , it would be better their is world class companies in the future

Students should get confident then only they can pass their interviews... and my suggestion will be paper presentation should be there for all students duration will be 20 minutes because they can overcome their stagefear and they will maintain crowdness in future..

Courses offered in SFS are good but placements is not that I expected. Our college has to work on placement as in campus placement most of the companies were of bpo sector so i'm not satisfied.

Still more cources has to start,. only few are there in pg
