Respected Mam,

Subject :- Requesting for permission to visit Industry.

Address :- Food product limited, Kumbaranahalli.

Haragadda (p), Anekal (T) Bangalore.

Mam, yesterday we had visited the Industry to ask their permission but the HR told that you need to get permission letter from college after they will cross check the permission letter and they will allot the date. that day we are permitted to visit. We are planning to visit Tomorrow (15/6/22)

So kindly give us a permission letter mention that the photography.

Thank you.

Bangalore

Dear Sir

Sub: Letter of Introduction

St. Francis de Sales College in its mission of empowering the youth and providing higher education, strives to give various chances to students so that they will have experiential learning and thereby grow into responsible employees in the future. This is done through field study, industrial visits, mini projects etc.. The following students would like to visit your industrial unit on 16 June 2022. Thank you for allowing them to visit your esteemed organisation. Kindly do the needful so that they would get a chance to learn by observing the processes in your industrial unit.

Students visiting your industrial unit:

1. Mahalakshmi (20C182K)
2. Meghana C. (20C225K)
3. Nethravathi S.P.(20C191K)
4. Nisha (20C192K)
5. Yuvashree A.(20C222K)

Thank you

Yours sincerely

Report On Industrial Visit

Date : 17.6.22

Subject : Industrial Visit

Industry : Sai Vinayaka Foods Pvt Ltd.

Kumbararahalli , Haragadde (P) Anchal (T)
Banglore .

Name of Students : Meghana.K
Mahalakshmi.K
Nethravathi.SP
Nisha
Yuvashree.A

Description :

As we got an assignment of industrial visit, we visited 'Sai Vinayaka Foods Pvt Ltd', in Kumbararahalli on 17.6.2022.

In this industry they manufacture the Noodles.

Maida powder is the raw material for Noodles. The basic steps of noodle production include dough mixing, sheeting, combining of sheets, resting, rolling and cutting, followed by different processing treatments (drying, steaming, boiling).

First they will sieve the Maida and separate the wastage then they allow the maida to a container where magnet is inserted and metals are attracted to the magnet if they exist.

Next step is to wet the Maida by providing some amount of water. Then Maida as a dust they are made into thin layers step wise. Then they form Maida into Noodles with the help of Machine.

They keep Raw Noodles in the oven to cook the Noodles for one hour. The Noodles will not break easily by doing this process. Then the cooked Noodles will be folded by the labourers and place them in a tray and these trays will be placed in the Hot Temperature Room to dry the Noodles. This Noodle will be kept around 8 hours to dry.

At last they will pack the Noodles and will be stored in a store room and they supply them according to the order.

● Outcome of the Industrial visit: We got a very good opportunity to visit the Sai Vinayaka Food products Industry and we got to know the Noodle procedure very clearly. This industry was very Neat and Hygiene. The manager guided us and explained the procedure step by step clearly.

We thank our HOD mam for providing this opportunity.
