Resource Person(s) with qualification	Mr. Madhusudan M Placement Officer Mr. Karthik Asst. Placement Officer

The Placement cell had put its effort to organize an orientation for all the final years of 'UGC' students from various courses.

It was held on 13th may to 19th may. The placement officer had been to each class of various courses and educated the students to take part in the walk-in-drive organized by them.

They gave us an insight about how to prepare our 'RESUMES' what all information to be added in the resume and what makes our resume a quality one to face the interview, they also educated about how to present ourselves in an interview and how we have to communicate and improve our speaking and listening skills.

- **Employers look at resumes for an average of only six or seven seconds.**
- **You'll get the best results if you send your resume between 6 a.m. and 10 a.m. within the first four days of a job being posted.**
- **Your resume should be clear, concise and tailored to the job for which you are applying.**

**chances of getting an interview.**

**Introducing yourself** to a class, whether you are the student or the teacher, can feel daunting. Deciding what and how much to share, overcoming anxiety, and presenting yourself as an interesting and engaged person are steps that will help you introduce yourself with confidence, both in a physical classroom or in an online setting.

The cell members also made an effort to invite many companies and most of the companies recruited many of our students and offered them with a good package of pay scale and they also offered internship with stipends letters.

The orientation which was organized by the college placement committee was helpful and knowledgeable. The effort made by the placement officer didn't go in vain.
