

Report on Career Guidance “Bridging Gap from Classroom to Corporate”

| | |
|---------------------------------|--|
| Title | “Bridging gap from classroom to corporate” |
| Date of Event(s) | 06-11-2021 |
| Department / Association | Department of Computer Applications |
| Venue | 302 |
| Number of Participants | 52 |
| Target Audience | BCA 5 th semester |

| | |
|--|---------------------------|
| Resource Person(s) with qualification | Mrs. Jayashree Kar |
|--|---------------------------|

As education systems are diversifying and expanding, the creation of new jobs and opportunities are changing the way individuals make their career choices. Career guidance is the process of helping individuals in making adequate educational and occupational choices and in taking career decisions based on the demand and requirements of the future work.

Career guidance refers to the advice and information about careers that helps individuals decide on a career and also teaches them how to pursue their chosen career.

Professional summary

Name: JAYASHREE KAR

About: Jayashree has over two decades of experience in IT industry during which she has headed various functions responsible for both top and bottom lines across multiple goes in India and Global IT majors e.g. Cap Gemini USA, TCS, MindTree and Wipro.

Key expertise:

- Rolling out organisation wide architecture and competence programs.
- Incubation of practices and steering them to non-linear growth.
- Setting up centre of excellence ‘COE’ on leading edge technology.

DigitAge Technologies:

DigitAge is helping the great leaders Mahatma Gandhi and Nelson Mandela. DigitAge technologies were established in 2017 by industry veterans, with strong belief and commitment to “enable professionals for today and tomorrow”. Digit Age aspires to bridge the talent gap through comprehensive quality learning across the business to customers and business to business on the areas of IT.

DAY 1: 06-11-21**Session : 01****Title: python and AI/ML**

she enlightened students about brief introduction of python and AI/ML, and explained about where AI/ML is being used and also about career opportunities. Also explained and guided about the project.

Valedictory ceremony:

The programme started @11am by HOD of BCA department, A session was conducted by the department of computer science for the final year BCA students, briefing them about the project they are supposed to do. The session was done by Ms. Jayashree from Digitage technologies, E-city. Ms Jayashree has worked in multiple companies like TCL and also in multiple countries. She has the vast knowledge of multiple programming languages like Python, Java and many others.

She enlightened the students on the topic Python, AI/ML driving the bussiness innovations today and tomorrow. How machine learning is driving the world and what a student can do for a project using python and ML.

She shared some examples of where AI/ML is used. She also claimed that it is not unemployment that is a problem but unemployability where the skill of a recruit doesn't match that to that of recruiter's requirement of the skill.

“According to the graduates, college education means text book knowledge and not the skills.” she said. She also said that the students do not know where to start.

She then explained about Python - the programming language and then further explained the use of python. She then spoke about AI and ML and NLP. Also she gave some examples of codes used in image processing and many others.

At last we ended the program by vote of thanks to the resource person and the coordinator.

Outcome of programme:

- Provides guidance on starting these conversations and finding different career options that may have been overlooked.
- Students are empowering students with knowledge.
- Exploring different careers options.
- Gaining expert advice on careers.
- Setting career pathway goals.
- Saving on costs.
