Report :

Our world would mean nothing without women. Their courage that exists in perfect harmony with amazing tenderness saves our world every day.

Women are always a source of inspiration for the family and the society.

Woman's Day is an amazing opportunity to remind ourselves that fighting for our ladies is a very important thing to do

Across the world, a number of programs and events are organized on this day to inspire women on the path of growth. This day also provides an occasion to draw humanity's attention towards the positive changes that can bring about equal opportunity for all women on this earth.

As a part of women's day celebration the students and faculty members of SFS college were asked to contribute drawings on the theme "Shades of Women" which would be kept for exhibition on the day prior to women's day celebration.

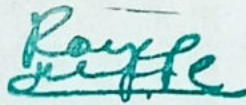

22 participants had submitted their creative work in the form of drawings and pencil sketching's which was displayed in exhibition on 7th March 2022.

All drawings were very expressive and explained clearly the roles and responsibilities played by women in different spheres of of life.
