On 26/06/2022 we celebrated the drug awareness with the theme `` SAY NO TO DRUGS, START SAVING LIVES``. We started the day by going to college campus then started off with 2 buses from college. By the time we reached it was 7.30am later there was speech by the chief guests. We gained a lot of information about drug awareness. We had to walk from stadium to Cubbon Park and later returned to stadium back and we were given breakfast from college side. It ended by volunteers reaching back to campus and later reached their residential areas.

**Positive Outcome -**

- We have come across knowing the value of one life.
- We had a walk around 6km and made Global World Record.
- We all spread awareness about drugs to everyone in the public.
- Not only made awareness but also learnt what measures can be done.
