The Research Cell organize lectures on research activities in cross over disciplines to understand the multidisciplinary approaches in research. In this regard an International Webinar on Climate change was organised on August 12, 2022 in online mode. The main objective of the talk was to impart environmental consciousness in young minds all over the world.

The resource person for this session was Dr. Grinson George, Senior Programme Specialist (Fisheries), SAARC Agriculture Centre (SAC), Dhaka, Bangladesh. Dr. Grinson George, Principal Scientist at CMFRI, Kochi since 2018 is on deputation as Senior Programme Specialist (Fisheries) to SAARC Agriculture Centre, Dhaka coordinating the fisheries and aquaculture programmes for eight South Asian Nations. He has been active in teaching, research, policy, administration, academics, and industry related to fisheries and aquaculture for over 20 years. Specialized in Fisheries Resource Management, he completed the post-doctoral research at Plymouth Marine Laboratory, United Kingdom. He served as honorary coordinator CPR Environmental foundation and Juliette Massey Honorary fellow of World Aquaculture Society. He worked at the Ministry of Education, Maldives (2003-04), as a Scientist at CIARI, Port Blair (2005-12), and Senior Scientist at CMFRI (2012-18). His current research focus is on Citizen Science initiatives to address water-quality using satellite remote-sensing and marine bio-optics. He is the recipient of Dr. Rajendra Prasad Puraskar by ICAR; Dr. Hiralal Chaudhury and Dr. Kulkarni award by CIFE.

The session was started with a welcome address by Prof. Rashmi, Coordinator, Department of Science. Fr. Jijo Manjackal, Vice Principal addressed the session and appreciated the collaborative event. Also Dr. Linshy Valiaparambil, Teraom Limited, London explained about the talk series and the collaboration. Dr. Linshy clarified that the main objective of the Teraom Talk series is to help the science aspirants to get better exposure to the various opportunities in research and industry through experts in those fields. The orientation session was concluded with a vote of thanks by Dr. Nebula Murukesh.

Dr. Grinson gave an informative and exhaustive talk on "Do the fishes in the sea feel the heat of Climate Change?". Dr. Grinson very well explained the effect on global warming on marine life with a special reference to fishes in the marine environment. The talk took the audience to deep into the research on availability of fishes based on the changes in ocean temperature. Also, the resource person explained the role of Centre for Marine Fisheries Research Institute in helping the farmers through various technological innovations.

The session proved to be very much informative and the participants cleared their queries through discussions and have shown interest to attend such events in future.
