#### Report:

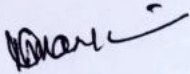

Turnover of employees in an organization is an inevitable process. Our management takes utmost care in guiding and assisting and preparing them for their new role for the newly joined professors, as and when they appoint them. One such support mechanism is the induction programme which will be conducted by our Principal when there are new joiners. The session was conducted in board room on 19<sup>th</sup> August at 2.15 pm onwards for the new joiners.

During the session a detailed explanation was given regarding the working style, their roles and responsibilities as a mentor, class co coordinator and their responsibilities in the growth of the college.

A brief note was given about the various cells and committees and what is expected for those committees. Details regarding the ERP was also discussed during the induction program.

**Positive Outcome:**

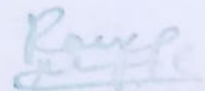

The prime objective of this program was to focus on to provide a good understanding about the work culture, timing and the roles and responsibilities as a lecturer. The new faculty understood their roles and responsibilities that they have to carry out in the organisation.
