en student learned how to give importance for gratitude and by giving importance the outcomes, like health, better sleep, immunity system, happiness etc.

Then how to gratitude the different person and in different situations.

Gratitude is the attitude of thanks giving. The resource person of the day with his immense knowledge sparkled the light of gratitude in the mind of students and it was indeed a great session. The session was very much useful for the students in understanding and learning about the positive psychology aspects of understanding the importance of being gratitude and how it's strongly and consistently associated with greater happiness. Gratitude helps people feel more positive emotions, relish good experiences, improve their health, deal with adversity, and build strong relationships.

Students enriched with the session on how Gratitude is a way for people to appreciate what they have instead of always reaching for something new in the hopes it will make them happier or thinking they can't feel satisfied until every physical and material need is met.

Gratitude helps people refocus on what they have instead of what they lack. And, although it may feel contrived at first, this mental state grows stronger with use and practice.

Outcome of the Programme.

The session was attended by 350 students. All the students who are all attended they are in smiling faces because of they realized and learned concept of gratitude, its importance, uses mainly on physically & mentally. Products & things to be used when thanking or appreciating someone. How important is learn about gratitude.
